The Canyon News

Oldest in Canyon
The Canyon News is the oldest business institution in Canyon. It has been serving the community well since 1896.

Fifty-Third Year | Scenic Center of Northwest Texas | Canyon, Texas, Thursday, October 21, 1948 | Home of West Texas State College | Number 34

Tour Saturday To Feed Lots of 20 Club Boys

Business men of Canyon are invited to join in making a tour of 20 farms to inspect the Club Calves of Randall county. The trip will leave Saturday morning at 9:30 o'clock, and return to Canyon at 11:30 o'clock for lunch. The caravan will leave again at 12:30 o'clock, and will return to Canyon at 4 o'clock.

H. E. Shahan, County agent, is in charge of the caravan. He states that it will be impossible to see all of the calves which are being fed, but that the caravan will see as many as possible during the day. However, every boy who is feeding a calf will make the trip in order to see what the other boys are doing.

In a letter sent out by the Randall County Junior Livestock Association, it is urged that extra cars be furnished in order to provide transportation for all of the club boys. W. T. Oliver is president; Ross Craig is vice president; and W. E. Myers is secretary-treasurer of this association.

Baptist Evangelist Talked Tuesday at Rotary Luncheon

Rev. John Osteen, Baptist Evangelist of Amarillo, made a humorist talk at the Rotary Club upon the life of a preacher. He is conducting a meeting at the local Baptist church this week.

Mrs. G. C. Schurman of Fort Worth, who is assisting her husband with the revival at the Christian Church, sang two solos.

J. B. Roberts and R. W. Wilson, members of West Texas State faculty were introduced as new members of the club.

Ted Reid announced Homecoming plans for October 30. The largest parade in the history of Canyon will be staged in the morning. Every business house in Canyon is urged to decorate a float for the parade. Twenty-five bands have been invited to participate in this parade.

A new feature will be introduced this year, a flight of 150 airplanes. Members of the Panhandle Flying Club have accepted the invitation to be present. A formation of planes will fly over Canyon at 1000 feet.

A free barbecue will be served at noon and the Homecoming football game between the Buffaloes and Houston University will be played at Buffalo Stadium n the afternoon.

Rev. Osteen related many humorous situations that he had experienced during his ministry, and told many jokes on preachers.

In closing he read the poem, "Lord, Give Us Men." "Your Christ; your Church, need you; give yourself to them," urged the speaker in closing.

Visitors were: A. L. Feltenberger of Waxahachie; E. A. Perrin of Memphis, Tenn.; Rev. and Mrs. G. C. Schurman and J. H. Cavender of Ft. Worth; Rev. Jordan Grooms of Levelland; Rev. Weems Dykes and A. K. Goodman of Canyon; Rev. John Osteen, V. H. Allm, Jr., J. O. McGuire, J. E. Bowman, Forrest Barnes, F. E. Habgood, W. W. Rusk, E. E. Cavender, V. H. Allm, all of Amarillo.

New City Well Is Started by Low Hereford Bidders

Ketchum & Dennis, low bidders for the new city water well, have started work on the new well.

The contract calls for drilling 525 feet deep, or as deep as necessary for a good water well.

According to compulation of all costs, the water well will cost the city $22,000 by the time the pump is installed and the well put into operation.

MARRIAGE LICENSE

Ernie Charles Roberts to Ruth Louise Oddy, October 13.

Alton Ernest Edwards to Fannie Belle Tucker, October 13.

Glen E. Green to Jessie O'Dean Sellers, October 14.

Wilhelm Bauer to Bertha Mingle, October 15.

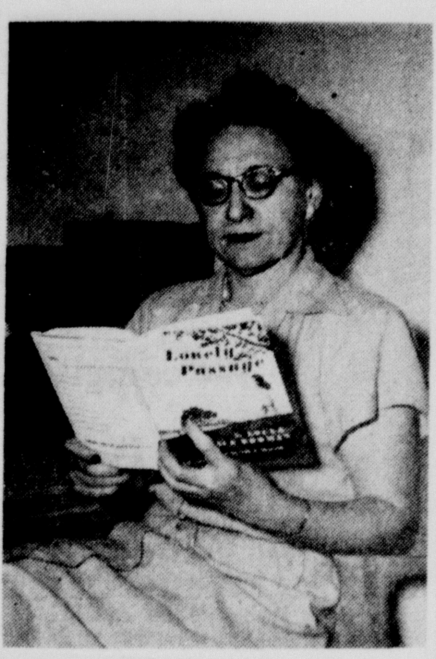
Edwin Lee Bailey to Verna Pauline Davenport, October 19.

Mr. and Mrs. Harrison Honeycutt of Texola, Oklahoma, visited in the home of her son, Leland Graves and family last week. They also visited with Mr. and Mrs. Tommie Graves in Amarillo and Mr. and Mrs. Roy Taylor in Clovis, New Mexico while they were in this vicinity.

Mrs. J. C. Sheriff and daughter, Sue, of Amarillo visited Sunday in the home of her sister-in-law, Mrs. T. H. Henderson and family.

Arthur Bailey Duncan III, who is attending S. M. U. at Dallas, spent the week end in the parental A. B. Duncan home.

Mrs. Howard Lynch To Review Miss Erdman's Book



MISS LOULA GRACE ERDMAN

Mrs. Howard Lynch of Amarillo will review Miss Erdman's Lonely Passage at the Branding Iron Theatre on Sunday afternoon, Oct. 31 from 3 to 5 o'clock.

The review will be sponsored by the All Saints Episcopal Guild which will hold a silver tea for this occasion.

Cigarettes Are Cause of Too Many Big Fires

The cigarette you just reached for is more than a little paper tube filled with tobacco. It is a potassium torch that will burn at a high heat until it is consumed to ashes. The chemical is mixed with the tobacco in order to make it burn steadily.

The significance of this should be clear to anyone. The apparently harmless cigarette is one of the greatest menaces to life and property when carelessly handled. Last year, careless smokers were responsible for 130,000 fires—many of which caused death, injury and high property damage. Will the total be greater this year?

The rules for safe handling of cigarettes, and all other tobacco products, are simple enough. Always put them out in an ash tray or some other safe container when you're done with them. Never throw a burning butt from a car—this particular type of carelessness has caused some of the worst forest fires the country has known. That's one reason the car makers put an ash receiver in cars. And, above all, don't smoke in bed. A cigarette will set bedding afire far more quickly than most of us realize—as many a smoker has learned to his sorrow. And smoking in bed has sent a legion of smokers into the hereafter prematurely.

So, if you smoke, accept the responsibility that goes with it—the responsibility to use tobacco safely, in accordance with the rules.

Drive Being Made To Buy New C.H.S. Band Uniforms

Room mothers, mothers of band members and mothers interested in the development of the Canyon High School are making a concerted drive to raise funds to buy new uniforms for the Canyon High School Band.

There are 60 members of the band and a good number of beginners, who will be ready for the band next year, at least, who are working hard to represent the school in a favorable manner. Poor or no unifoms detract from the best of marching bands.

Be ready with your contribution, large or small, the larger the better, when you are contacted by these women, who are giving their time and work to this more than worthy cause.

Every citizen of Canyon wishes to be proud of any band or organization that is representing Canyon. Let's help.

About Half of City Taxes Have Been Collected Is Report

Dalton Teague, city secretary, states that about half of the city taxes have been collected.

The city has approximately $30,000 on the tax rolls.

The new city well will cost $22,000 and it costs about one-third of the tax collections to service the outstanding bonds. This means that the city will operate this year on receipts from city water.

Mrs. George Stokes and children of Plainview visited in Canyon Sunday.

GOP Pulls Big Barbecue Friday Night in Amarillo

Several Randall county citizens were invited to the Frank O'Brien ranch north of Amarillo Friday afternoon to enjoy a John Snider barbecue and to meet the prominent candidates on the Republican ticket.

Jack Porter, candidate for U. S. Senator, Alvin Lane, candidate for Governor; and J. Evetts Haley, candidate for Congress, were given a pat on the back by Dr. Harold Stassen, president of the University of Pennsylvania, and defeated candidate for president on the Republican ticket. All spoke at the Municipal auditorium following the barbecue.

Mr. Stassen was high in his praise of Governor Dewey, head of the Republican party. He declared that his party would inform Stalin that America would not yield a single inch from its present foreign policy. He advocated the election of Jack Porter so that Texas would have a senator who would work hand in hand with Senator Tom Connally on a foreign policy, on saving the tideland oils for the children of Texas, and against any FEPC law.

Evetts Haley of Canyon was in charge of the program and made a favorable appeal for the defeat of the present administration.

No Truman Money Has Been Received at the News Office

Clyde Warwick, Democratic County Chairman, states that no Truman money has been received at the News office.

An appeal was made last week to Texans to make contributions to the National Democratic campaign fund. It is reported that national funds are running low for the purpose of carrying on the campaign for the re-election of President Truman.

Charlie Gibson, 18th Congressional District Chairman, is making an appeal in every county that funds be contributed at once in order to carry on the campaign.

Child Study To Be Conducted in High School Cafeteria

A meeting of interest to every mother in Canyon is the Child Study conducted under the sponsorship of the Parent-Teacher Association at the Canyon High School Cafeteria on Thursday afternoon from 1:30 to 3:30 o'clock.

This is the only Child Study group in town and their basis of study is the National Parent-Teacher Magazine, a periodical that devotes its energy to the upbuilding of better understanding between parents and their children and their teachers.

Thursday the program will be under three topics. "The Inseparables: Mind and Body" will be discussed by Mrs. Crews Henry. "When Feelings are Hurt" will be analyzed by Mrs. A. B. Holt. "Learning to Decide" will be brought to the attention of the group by Mrs. Burney Slack.

Dr. Ruth Lowes will give a summary of the program by giving opinions and conclusions that she has drawn from her experiences and studies.

These study hours are open to every mother in Canyon. Every interested one is invited and members of the P. T. A. are urged to attend.

Stork Specials

A daughter was born to Mr. and Mrs. M. D. Cashwell on October 14.

Mr. and Mrs. H. E. Karr are the parents of a boy, born on October 16.

A daughter was born to Mr. and Mrs. C. B. Fewell on October 19.

Four Persons Hurt in Car Accident West of Umbarger

Four persons were seriously injured in a car collision west of Umbarger Tuesday. They are receiving treatment in the hospital.

Mr. and Mrs. C. H. Pond are suffering internal injuries.

Mrs. E. W. Womble, Sr. and daughter were the other two injured. Mrs. Womble has a broken arm and broken ribs. The girl was badly cut on the face.

The Pond and Womble cars are reported to have met at an intersection on a dirt road. Neither of the drivers saw the other car approaching. Both cars were badly damaged by the collision.

The accident occurred 2 miles north and west of Umbarger.

From the hospital this morning it is reported that all are improved.

Magazine Sales Force Invaded Canyon in Force

"Have you voted today? Did you vote for ME?"

Have you heard this plea?

Have you heard it today from the lips of a would-be good looking girl, who finally pulls out a list of magazines which she is selling.

Magazine peddlers are swarming over the nation.

During the war there was no book paper for magazines to extend their circulation. Conditions seem to have changed. At least the magazines are flooding the nation with solicitors.

Some of them are becoming very insulting. One group refused to leave the campus of West Texas State. Another claimed that it was sharing the sales with the public schools, which was untrue.

There are several places in Canyon handling magazines. These will sell you the magazines which you want, and will not insult you if you do not buy.

Patronize the local people, your neighbors who will see to it that you get the magazine which you want, and for which you pay. Many of these solicitors are frauds, and do not deliver the magazine which you buy.

South Amarillo Club To Hold Flower Show on Friday, Oct. 22

The South Amarillo Garden Club will present its second annual flower show, "Panhandle Gardens on Parade," on Friday of this week, from noon until 9:00 p.m. at the Trinity Methodist Church, 35th and Jackson in Amarillo.

Admission is 25 cents and children under 12 years will be admitted free if accompanied by an adult.

The group of women composing this Garden Club all live in Randall county. The News has printed a 16-page program, with cover, for this show.

Mrs. Joe Harlen, publicity chairman, states:

"We are especially interested in getting youth groups to come to the show, and we will welcome any group accompanied by their sponsor or teacher.

"The show will include artistic arrangements, horticultural exhibits, and educational displays, unusual plants and a junior division," stated Mrs. Harlan.

Several Calls For Absentee Ballots Sent Out By Mail

There will not be so many absentee votes in Randall county this year as usual, according to a report from the clerk's office.

So far only about 35 ballots have been mailed out. A few have called at the clerk's office to cast an absentee ballot.

October 29 is the final day for casting an absentee ballot.

Mr. and Mrs. Crews Henry, and sons; Mrs. L. M. Henry, and Carr Henry of Washington, D. C., visited in the home of Mr. and Mrs. W. D. Barton of Pampa Saturday. Mrs. Barton is a niece of Mrs. L. M. Henry.

Farm Bureau To Hold Meeting at New Cafeteria

Officers and directors of the Randall County Farm Bureau will meet with community leaders Thursday, October 21, for the purpose of starting the fall membership round-up.

The meeting will be held in the public school cafeteria at 7:15. The Randall county group is cooperating with other counties and the State Farm Bureau in a campaign to raise the membership in Texas to 60,000 families.

Randall county is expected to have five delegates at the annual convention to be held in San Antonio, November 8-9-10. G. E. Wesley is president of the Randall County Farm Bureau.

Mrs. Bob Campbell Was Elected Head of Texas H. D. Clubs

Mrs. R. L. Campbell of Deaf Smith county was elected president of the Texas Home Demonstration Clubs at the state meeting held in Temple.

Mrs. Campbell is an ardent H. D. Club worker. She has held practically all offices in her local club and in this district.

The Campbell family formerly lived in Canyon. Bob was a star baseball player, both in Canyon and in West Texas State in the early days.

Mr. and Mrs. Campbell are now attedning the Royal stock show in Kansas City this week.

Barnhill Named To Serve on the Board Adjustment

Frank Barnhill has been named to serve on the city Board of Adjustment. This board handles all differences of opinions of citizens and the city of Canyon regarding the enforcment of the zoning ordinance. The board has handled three cases this year.

Other members of the board are Jack Neil Jennings, Dan Sanders, Tom Knighton, A. M. Warren.

VISITORS RETURN HOME

Mr. and Mrs. Joe Gallon left Friday for their home in Costa Mesa, California after having been on an extended visit with her mother (Mrs. Mary Simon), brothers and a sister, Mrs. J. E. Broaddus.

While here Mr. and Mrs. Gallon visited with relatives in Levelland, Texas; Wichita and Great Bend, Kansas; and Alva, Oklahoma.

Mr. and Mrs. Louie Minturn and three children spent Saturday here with his aunt, Miss Pauline Brigham who is in Neblett Hospital. Mr. Minturn is being transferred by his company from Salem, Oregon to Little Rock Ark. The family came through Canyon to visit Miss Brigham. He was formerly a student in West Texas State.

Mrs. C. B. Fewell of Vega visited over the week end in the home of her mother, Mrs. Mary Burtz.

PROCLAMATION
BY THE
Governor of the State of Texas

TO ALL TO WHOM THESE PRESENTS SHALL COME:

WHEREAS, farming and ranching activities in Texas afford the principal income of a vast majority of its inhabitants; and,

WHEREAS, the farming and ranching business is one of the leading industries of Texas; and,

WHEREAS, the farmers and ranchers of Texas have, through their various organizations, crusaded for recognition, representation, and economic equality through democratic procedures; and,

WHEREAS, the farm and ranch groups recognize the necessity and supreme importance of having an educated, prosperous, and organized agricultural husbandry in this State;

NOW, THEREFORE, I, Beauford H. Jester, Governor of Texas, do hereby proclaim the week of October 21 - 28, 1948, as

TEXAS FARM BUREAU FEDERATION ORGANIZATION WEEK

I urge our citizens to cooperate in the recognition and observance of this week so that special attention can be given this important phase of our Texas life.

IN TESTIMONY WHEREOF I have hereunto signed my name officially and caused the Seal of State to be affixed hereto at Austin, this the 20th day of September, A. D., 1948.

Beauford H. Jester
GOVERNOR OF TEXAS

BY THE GOVERNOR:
Paul H Brown
SECRETARY OF STATE

Anti-Truman of Texas Revolt at State Committee

Many Democrats in Texas are getting pretty tired of the attempt being made by the Democratic State Committee and the Truman forces to put the brass collar on the Democrats of Texas and force them to vote for Truman on Nov. 2.

Vann Kennedy first sent out a pledge to all precinct chairman of the state telling them to sign the pledge or get kicked out. Most of them signed; some under protest.

Now comes State Chairman John Calhoun with the same pledge demanding that it be signed once more. Practically all county chairmen of the state refused to circulate the second pledge, terming it an insult to the intelligence of the precinct chairmen who had already signed one pledge.

A district court in Fort Worth has issued an injunction against Calhoun. The hearing will be on Oct. 28, which will be too late for the state committee to continue its purge against anti-Truman Democrats of the state.

Buffs To Play First Game in Cotton Bowl

The Buffaloes will be Dallas bound this weekend to play their first game in the famed Cotton Bowl of the Dallas State Fair.

This will be the first invitation for the Buffs to play in Dallas, although Coach Frank Kimbrough has been a familiar figure in the Cotton Bowl for years, while coaching at Baylor University in the Southwest Conference.

The Buffs are hopeful of taking a strong team to Dallas to meet the East Texas Lions of Commerce. It will be the first meeting of the two teams.

From the campus this week it is reported that practically all of the injured men have recovered and will be ready to take the field Saturday afternoon at 2:30 o'clock.

The Buffalo Band will make the trip to Dallas, and about 150 students have bought tickets on chartered busses to make the trip. A number of citizens of Canyon expect to be in Dallas for the game and to see the Fair.

Freeze Monday a. m. Killed Vegetation in the Panhandle

The first hard freeze of the fall hit the Plains Monday morning, when the temperature sagged to 28 degrees above zero.

While this was the first real freeze of the winter, the temperature dropped to 32 degrees last week, and a consideration amount of ice was reported generally over the county.

November 1st is the average date for early frosts, and 1948 will be one of the years when an earlier date has been set for killing freeze.

Most of the farmers had their feed crop saved before the hard freeze.

The weatherman predicts that there is a slight chance for moisture this weekend. The wheat is still in serious condition, with the need of a good rain.

Hospital News

Miss Erma Sutton, medical.
J. W. Bourn, surgical.
Mrs. Fred Jennings, medical.
Mrs. Joe Lange, medical.
Robert Weaver, medical.
Mrs. Josephine Huff, medical.
Mrs. Frank Nall, medical.
Nell Henry, medical.
Elinor Greenwood, medical.
William Brewer, medical.
Roberta Burger, medical.
Mrs. W. E. Womble, accident.
Sharon Womble, accident.
Mr. and Mrs. C. H. Pond, accident.

Local Citizens Are Selected on Federal Petit Jury Court

Dr. S. H. Condron and Ray Cole are in Amarillo this week serving on the federal petit jury.

When chosen for this task there is little chance for an excuse so neither asked to be discharged from this duty.

Mrs. Chas. Flesher, Miss Billie Bee Flesher and Mr. and Mrs. O. L. Russell spent last week in Ft. Worth and Dallas visiting friends and relatives and attending the Dallas Fair.

Mr. and Mrs. W. B. Walker and children of Salem, Oregon, are visiting in the home of his mother, Mrs. George Walker of Happy, and her mother, Mrs. Rhea Robbins of Canyon.

Election Nov. 2 Will Be Held At the Legion Hall

Voters in Canyon will vote at the American Legion Hall on November 2. J. W. Shook, election judge, states that this Hall is the only place in Canyon which is large enough to handle this election.

The ballot this year will be unusually large, 19x24 inches. Due to the fact that so many opportunities are offered for voting a mixed ballot, it is likely that election officials will have a rather tough time in counting the election returns. In years past most of the ballots have been straight Democratic. With the urgent campaign being put on the Republicans and Dixiecrats, it is likely that many votes will be cast in Randall county for candidates of these parties.

The Democrats have the only full ticket from President down to Justice of the Peace.

The Republicans failed to nominate candidates for several state and district offices, and have no county candidates.

The States Rights Party, or Dixiecrats, named candidates only for President and Vice President.

The Prohibition Party has candidates for only five state officers, together with the Presidential candidates.

The Progressive Party, headed by Henry Wallace and Glen Taylor, scared up eight candidates for state offices. These include Herman Wright, a former Amarilloan, for governor; and Rev. Stacy Adams, a Dallas Negro, for lieutenant governor.

The Socailist Party has candidates only for president and vice president.

There are no candidates on either the columns for Independent Party or Write-in. The write-in column is to be used only in case of local campaigns which might develop.

The News hopes to publish this ticket next week for the benefit of the voters.

At the bottom of the ballots is printed the eight constitutional amendments. After careful study of these amendments, The News will vote in favor of the 1st, 2nd, 3rd, 4th, 6th; but will vote against the 5th, 7th and 8th amendments. The News has heard discussion of Amendment No. 1 which indicates there is much opposition to this one. It is charged that this would put counties in the insurance business and is therefore opposed by many tax experts.

After careful study we are convinced that the amendment to provide for re-districting, No. 2; for partition of community property, No. 3; for gubernatorial success, No. 4; for imposing the salary basis for local officers No. 6; are the only urgent amendments, which should be adopted. The other four are questionable in value.

New Bridge at Old Word Headquarters Under Construction

Commissioner Clarence Beckman states that he has a crew of men working on a new bridge over the Palo Duro creek at the old Word ranch headquarters. The bridge has been in very bad condition for several years and Mr. Beckman has been trying to get a contractor for the job.

The Amarillo Bridge Company finally gave a contract which is in line with the one which they made in building the other bridge for Mr. Beckman in his precinct. The new brdge wll be 24 feet wide and 100 feet long.

Equalization Board Has Not Completed Work For Schools

The Board of Equalization for the newly organized Canyon independent school district has not yet finished its work. Additional information regarding the needs of the district and property in the district is being compiled in order that the final work of equalization may be completed.

Due to the large amount of work in bringing so much more additional territory into the school district, completion of the tax rolls and collection of 1948 taxes will be delayed this year.

Mr. and Mrs. Millard Clegg, Jr., from Houston visited last week in the homes of Mr. and Mrs. James Murphy White and Mr. and Mrs. Tommie Lair. Mrs. Clegg, the former Dorothy Daniel, was a classmate of Mrs. White and Mrs. Lair when they were students at W.T.

Mr. and Mrs. W. H. Harden have returned home after having spent three weeks in Glenrose, Texas, where Mrs. Harden was under treatment. She is much improved.

EDITORIAL COMMENTS

We have taken it for granted that Texas would go for Truman. Regardless of all the bandwagon tactics of the Republicans and the Dixiecrats, we have been under the impression that Truman was safe, so far as Texas is concerned. But is that true? Why did Truman come to Texas and spend so much time? Surely it was not just to eat the biggest breakfast in his life with an old broken down politician like John Garner; or to visit with Congressmen whom he could see any day in Washington? We told you two weeks ago that the State Democratic Executive Committee was ordered by Jimmie Allred and the State Democratic Convention to put the brass collar on all county chairmen and precinct chairmen. The secretary of the committee performed that act. Now comes the chairman of this state committee demanding the same thing of all county committeemen. So far as we are concerned, one time to crawl under the Democratic tent is enough. What the heck do they think we are, and what are they trying to do? We still think Truman will carry Texas, regardless of the silly antics of the so-called political leaders.

Just why should court judges be retired at state expense? We are convinced that they should not be pentioned upon retirement. The salaries of these jobs are better than the salaries paid to other state, district and county officials. The lawyers who run for these jobs are not sacrificing anything. They are getting better salaries in office than they would command in private practice. When some judge is spoken of, he is usually referred to as sacrificing for the public's welfare. But don't be fooled, brother. If this fellow were capable of earning the top salaries that lawyers like to refer to, he would not be holding his state or district job. The state has no more obligation to care for the retired judges than we have for other retired officers who have devoted their time to the state's business. Join us in defeating Amendment 8 on your November ballot.

The worst blunder that President Truman has made was his attempted by-passing of America's hard-working delegation at the United Nations conference. He attempted to send Chief Justice Fred Vinson to Moscow to talk with Stalin. He failed to tell Secretary of State Marshall about this plan, until it leaked out, and the plan was squelched. As a matter of justice to the President, he has various groups pulling at his coattail in a frantic effort to avoid war with Russia. Everyone knows that such a war would be long and costly. It has been described as the end of civilization, if Russia is as strong as we think she is. The President should have thought twice before making such a plan. But Harry seems capable of doing the most indiscrete thing at the right time.

Harold Stassen spoke in Amarillo Friday night. He is a most likable person, who makes friends with his broad smile and hearty handshake. He says what he thinks, and thinks mighty straight. He is too progressive for the Republicans, and therefore he was rejected as a candidate for president. We are mighty glad that Stassen received one vote in his campaign from Texas. And that vote was cast by the Republican delegate from the Panhandle. We hope that Stassen will continue his fight within the Republican party, and when 1952 rolls around he should be the candidate for the presidency. He is deserving of the honor, and is well qualified for the place.

Well, well, well, we declined a rare opportunity the other day. A friend from Plainview called us and urged that we become Randall County chairman for the Dixiecrats, or the State Rights Party, as they call it. We declined, and remarked that if we had an inclination to vote against Truman we would support Dewey and be done with it. After all, the Dixiecrats have just one idea—the defeat of Truman. And Dewey is the only candidate who could get the job done. So why go through all this fuss about voting and supporting a ticket which has no weight outside of the South? We went pioneering once in the political field, against our better judgment, and have no urge to attempt it again. So that's that. We do not care to throw in with the Dixiecrats.

Have you heard President Truman speak recently? He is really putting on the heat. We have always heard that when a politician takes the defensive role that he admits he is whipped. Truman is certainly the aggressive type today. He is no longer the dull, uninteresting speaker of three years ago when he assumed the presidency. He is fighting for his political life. The wise boys who counted him out of the race a few weeks ago are not quite sure of themselves today. The more Truman speaks, and mingles with the people, the harder he will be to beat. Dewey took his campaign altogether too much as a matter of fact—a sure shot. That's a very bad political attitude. It often leads to defeat. Now you guess.

Russian observers believe that the broadcasts from America to Russia are having a good effect upon the population of Russia. It is disclosed that of the 200 million people in Russia, about 10 million are political prisoners; and only 2 million are members of the Red gang of rulers. But these two million rule Russia with an iron hand. There is no such thing as freedom of thought or action in Russia.

John L. Lewis got a little raise in salary from his miners. He was boosted from $25,000 to $50,000 per year. Why not? John L. is the highest paid labor leader in the nation. But he has earned every penny. Results count, and old John has always been able to come through in tight spots. He is one labor dictator that America is not likely to forget in many years.

The Russians have built their political faith upon the theory of hate. Such a program cannot last. No one ever succeeds long who builds his life on hate and distrust of his fellow man.

It is costing the American taxpayers $600,000 daily for the airlift into Berlin. Even that is cheaper than war, if the show of airpower to the Russians will avert war.

Again we say—long and loud—vote as you please —BUT VOTE NOVEMBER 2.

Remember how we treated Russia in the past? We refused to recognize her because of the stories which came out of that unhappy land following the upheavals, murder, rape, and all kinds of crimes. The Russians killed all who refused to accept their philosophy. But we were forced to accept Russia and get along with her the best that we could. So long as our diplomats did not get too drunk on vodka, things went rather well. But when the president of the United States and our government officials were forced to go to Russia; and drink with the Russians; and make promises to the Russians in order to keep them in the war, we lost our national shirt. Stalin simply skinned us alive on our commitments. We gave away the rights of others, when we had no business giving them away. We have tried to treat the Russians like human beings, and we have been defeated on every hand.

Coke Stevenson has kicked off the brass collar and will support the Republican nominee for U. S. Senator, Jack Porter. Those who have never voted anything but the Democratic ticket, and believe that they would drop dead if they scratched the Democratic nominees are amazed that Coke is unwilling to be counted out in his recent race for the Senate. We are quite sure that Coke does not mean that his declaration is a command upon his followers to "go and do likewise." Coke has been too long a force in Texas politics to make such a silly declaration. He expressed his sentiment, and his followers in the recent primary are free to do as they see best. We admire Coke for having reached the stage of his political life to know that there is nothing radically wrong when a person goes to the polls and votes for the candidate who he thinks is best qualified for the job.

The give-away programs on the radio are under fire. The Federal Communications Commission is taking up the question. It seems silly to newspaper men to contemplate that only a few years ago newspapers were giving away great fortunes in order to get readers. Now the radios are giving away larger fortunes in order to entice listeners to their numerous and conflicting programs. The airways, which used to be free and certain, now buzz with stations trying to break in. Any newspaper which advertised the stuff that the radios give away would be barred from the mails. Why shouldn't the airways be cleaned up and kept free of such trash?

We are told that Henry Wallace is very disheartened over his campaign. He started out with great expectation. Henry thought the world would come to an end if the people turned him down. And then came the commies. They could not get their party on the official ballots, so they chose to get under the coattail of a candidate. Wallace was their victim. The commies took over, and Henry felt his following slip. As the matter now stands it looks as if Wallace will not be able to throw a single state for or against Truman. His dwindling following is equally disgusted—all but the commies, they always refuse to believe the truth.

While block voting has gone on undisturbed for many years in South Texas, this year was the first time that such voting ever really counted. All Texans knew that it was the practice of the Parrs to rule with an iron hand, but up to this time the voters within their political dictatorship did not elect or defeat a candidate. But when 200 votes were stuffed into the ballot box after returns had been announced, and these same 200 votes went to one man, and elected that man, it is time that something be done about the situation. Frankly we do not expect the state courts to do a thing, since these courts are under the czar influence. That is the reason that the case was taken into federal court. Ex-klansman Hugo Black stopped proceedings there.

"What in the world are you going to do with all of those ballots" asked a citizen the other day. Well, we hope that the qualified voters of Randall county will go to the polls in full strength and use those ballots. The ballots for the November election are deceiving. There are no more in number than printed for the primaries this year; but that ungodly size, 19x24 inches, gives them an unwieldly appearance. The eight constitutional amendments across the bottom of the ballots take a lot of space. And those eight columns of candidates are rather terrible to gaze upon. What a ballot! What a ballot!

A citizen said the other day that if we wanted Randall county folks to go to the polls on November 2, a unified drive must be made. *The News* was advised that it must keep hammering on the problem. Tell the people—GO TO VOTE! GO TO VOTE!! GO TO VOTE!!! We must go to vote; our political representation in 1950 depends entirely upon the number of votes cast for Governor in 1948. VOTE!

Never before have candidates for public office traveled so far as have the candidates for president and vice president in 1948. Never have so many people heard and seen so many candidates as this year. Warning: Don't throw any rocks out of the window or you may hit a passing candidate.

If you want to help the Democratic ticket in its fight for political life, send in your check at once. Randall county has no quota, but every cent will be appreciated. You know it takes a whale of a lot of money to make an active campaign such as Truman and Barkley are carrying on.

Oklahoma has solved the Negro problem of higher education by opening the door to the University. Wonder if that isn't the best solution, and the step that most states will eventually take?

While Pappy O'Daniel is keeping mum these days, daughter Molly is furnishing plenty of family publicity in her second divorce suit. Where there is an O'Daniel there is plenty of excitement.

Harold Ickes, the bombastic ex-cabinet member whom Truman kicked out, is backing the President. Ickes cannot stand Dewey.

Field Marshal Viscount Montgomery, new commander in chief of Western European military forces, is going to be forced to answer a number of pointed questions before he gets assurance of a large supply of arms from U.S. on a lend-lease basis. Some question is raised concerning the willingness of present continental armies to fight in event of a Russian move westward.

Railroads will pay more attention to wheel balance and smoothness of wheel treads on passenger cars. Reason: a nine-month study by the Association of American Railroads, the Budd Co. and the Pennsylvania Railroad shows that the bump and jolt ride, usually blamed by passengers on faulty roadbeds, can be caused by slightly off-balance wheels.

Frank Rising, general manager of Automotive and Aviation Parts Manufacturers, Inc., (400 companies in 30 states), scoffs at the notion unions will be cautious. He forsees 1949 as a record strike year with more walk-outs and lost man-hours than 1946. Says Rising: "The unions will try (but fail) to regain their former position as political favorites."

West Texas State Installs Radio Facilities All Types Air Programs

Pictured above in a live operation of the West Texas State Radio Department are left to right: Bill Hutchinson, Jack Walker, Radio Director; Cecil Boykin, J. W. Caldwell and Lynn Allen.

The Radio Department of West Texas State is beginning to hit the big time!

When one pays a visit to the radio control room and studio in the Speech Arts Building, he at once encounters a mass of technical equipment. All the equipment in the department is of exacting broadcast quality, and is arranged exactly as it would be found in any good commercial station.

The key to the broadcasting activities on the campus is a three-channel Stromberg-Carlson remote amplifier, a machine of the finest quality available, which provides the "boost" which makes possible the relaying of broadcasts to one of Amarillo's four commercial stations. These relays are sent over a college maintained leased wire to the Southwestern Bell Telephone switchboard in Amarillo and the circuit is completed from there.

From a master control panel in the control room, circuits can be completed in any combination between the Administration Auditorium, the Education Auditorium, the Band House, the Speech Auditorium, the studio in the Speech Building and the stations in Amarillo. In addition, a separate circuit is provided for the broadcast of football games from the press box atop Buffalo Stadium.

The radio studio is provided with a Soundmirror tape recorder, a machine which is famous for its faithful reproduction. Machines of this type are in use by most of the nation's radio stations and all four major networks.

Presto Recorder

For regular transcription recording, the studio is provided with a professional model of the Presto disc recorder; this machine cuts records up to 17 inch diameter. All microphones in the studio are of finest quality, and although there are various types for various purposes, these microphones are all interchangeable for use with any of the broadcast, recording or public address equipment.

Installer of this equipment was Dan O'Conner, a licensed radio engineer who taught radio classes here last year, but is now devoting his entire time to the teaching of English. He is continuing, however, to act as technical advisor in the Radio Department.

Radio classes are now being taught by Jack Walker, who received his M.A. in speech from West Texas State, and has done graduate work in the field of radio at the University of Denver. Mr. Walker was a radio operator in the army during World War II.

Plans Programs

In addition to the present series of football game broadcasts, the Speech Department is planning an extensive radio program for the future. A regular weekly radio series is planned to begin within the next few weeks. Other broadcasts may be added later, when the schedule begins to function smoothly.

The radio equipment is made use of for the purpose of recordings in the speech classes, and these facilities are now available to other departments. West Texas State now has an unusual opportunity to train young people in radio, and all students are invited to take advantage of this training. On-campus facilities are the very best, and the relationship with the commercial stations in Amarillo will be profitable.

ECA officials are ready to recommend dropping the requirement that half of foreign-aid shipments be carried in U.S. vessels. They report that there are not enough U.S. vessels and that the cost of using them is almost prohibitive.

Henry Wallace has admitted to some friends that his third-party candidacy is in a mess from which he will be glad to extricate himself after November 2. This party is expected to sink without a trace as the ballots are counted.

News In Canyon 25 Years Ago

(Taken from the files of the Randall County News of October 11, 1923)

Construction work on the city hall is practically complete.

The commissioners court bought poison to help wipe out coyotes.

Roy M. Gibson had his foot smashed when an 800 pound door fell on it at the Amarillo smelter.

The Garrison school district voted bond to build a new school building.

The State Highway Commission will take over all state highways on January 1st, and will maintain them in the same condition as they find them on that date.

Rains in Randall county since August 16 brought 18.82 inches of moisture, the largest amount of rainfall for a like period in the history of the county.

For the first time in history, the Ford Motor Company made an appropriation for a national advertising campaign, to cost seven million dollars.

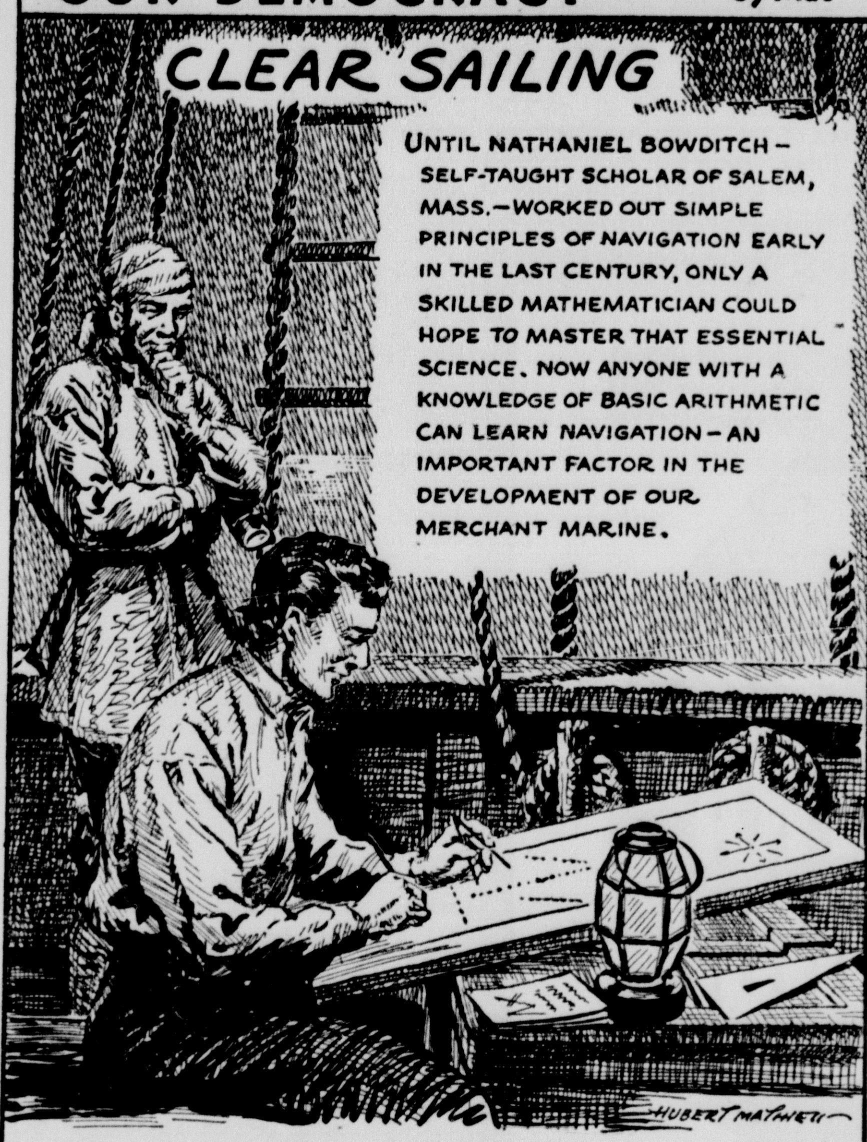
The backlog of proposed construction amounts to $42 billion—about six years' work at the present high rate of activity. This prompts builders such as the Turner Construction Co. of New York, Philadelphia, Boston and Chicago to advise clients: If you can make money with a new factory or if you must have more space in an office building, hotel, school or hospital get the job under contract now—or get ready for a long wait.

The sweater girl craze, plus movies, press, uplift, lastex and wartime mental attitudes, has boosted brassiere production to 5 times what it was in 1940. That once minor item—the brassiere—now accounts for 50% of sales in retail corset departments. In ten years, corset and brassiere indutry's wholesale volume soared from $80 million to $200 million.

OUR DEMOCRACY——by Mat



UNTIL NATHANIEL BOWDITCH—SELF-TAUGHT SCHOLAR OF SALEM, MASS.—WORKED OUT SIMPLE PRINCIPLES OF NAVIGATION EARLY IN THE LAST CENTURY, ONLY A SKILLED MATHEMATICIAN COULD HOPE TO MASTER THAT ESSENTIAL SCIENCE. NOW ANYONE WITH A KNOWLEDGE OF BASIC ARITHMETIC CAN LEARN NAVIGATION—AN IMPORTANT FACTOR IN THE DEVELOPMENT OF OUR MERCHANT MARINE.

UNTIL THE PRINCIPLE OF LIFE INSURANCE WAS WORKED OUT AND ITS BENEFITS MADE AVAILABLE TO GREAT NUMBERS OF PEOPLE, ONLY THE MAN OF COMPARATIVE WEALTH COULD HOPE TO PROVIDE FINANCIAL SECURITY FOR HIS FAMILY.

TODAY—THROUGH LIFE INSURANCE—MOST OF US CAN ACHIEVE THE ECONOMIC SECURITY WE DESIRE FOR OUR FAMILIES...AND THIS HAS BEEN AN IMPORTANT FACTOR IN THE STABILITY OF OUR NATION.

Plans Are Being Made West Texas State Homecoming on Oct. 29-30

Plans for the annual Homecoming events of October 29 and 30 are now being formulated.

Although it may not be the biggest Homecoming in the history of West Texas State it will not lack for excitement, a full program and color.

Everything from a bonfire to a huge parade and night dances have been arranged for or are in the process of formulation.

The highlight of the entire affair will come at 2:30, Saturday afternoon, October 30, when the Buffaloes meet the University of Houston gridders at Buffalo Stadium.

The selection of the Football Queen is expected within the next week.

Activities throughout the celebration are scheduled as follows:

Friday—

8 a. m.—The beginning of Western Days which means that faculty and students will dress in western garb for the two days.

7:30 p. m.—Bonfire.

8:00 p. m.—West Texas State Frosh vs. Texas Tech Frosh at Buffalo Stadium.

Saturday—

9:00 a. m.—Registration begins for all ex-students.

10:30 a. m.—Parade through the downtown section of Canyon.

11:45 a. m.—Barbecue at the Tennis Courts.

2:30 p. m.—West Texas-University of Houston at Buffalo Stadium. Crowning of the Football Queen.

8:00 p. m.—Ballroom dancing at the Cafeteria and Western dancing at Randall or Cousins Hall.

The official opening of the Student Union in Cousins Hall will be staged during the celebration.

Dr. Lee Johnson, chairman of the Homecoming activities, has announced the committees and their members.

Members of the publicity committee are Jerry Malin, chairman; Mrs. T. V. Reeves and Vaughn Vandergriff.

Milton Morris, chairman; Boone McClure, Aubrey Crossland, ex-students Raymond Thompson and Newton Harrell and Gaines Franks comprise the barbecue committee.

In charge of bands is Jerry Newman.

Having management of the Homecoming parade are George Black, chairman; Dr. R. A. Neblett, Clay Cooper, Elmer Wooten and Ted Reid.

Bonfire chairman is Mitchell Jones.

Virgil Henson leads the finance committee composed of Dr. Lee Johnson, Milton Morris and Boone McClure.

Registration will be controlled by Tom Langston. Mr. Langston has announced that any clubs wishing to sponsor games, stands, concessions or who wish to have floats in the parade contact him as soon as possible.

The traditional horsetank will provide entertainment Friday and Saturday for students and faculty who are not in western costumes.

Gov. Tom Dewey's financial experts have nearly completed a Federal budget for the GOP candidate to submit to Congress next January if he is elected President. Its main highlights: keep European aid, military and veterans' appropriations close to today's levels; reduce Federal expenditures by $1 billion; make smaller debt retirement payments; "revise", but not necessarily lower, Federal tax rates.

Total foreign aid would probably increase under the Republicans. GOP leaders are convinced that aid to Europe alone is too one-sided and complete world recovery cannot be achieved unless similar assistance is made available to Asia and China.

PAY YOUR TAXES EARLY--SAVE DISCOUNT

The Commissioners Court of Randall County has authorized the Tax Collector to give the discount on all taxes as provided by the recent legislature as follows:

3 per cent if paid during October, 1948
2 per cent if paid during November, 1948
1 per cent if paid during December, 1948

This discount is on all State and County taxes that are collected by the County Tax Collector and all applies to all Common School District taxes collected at this office.

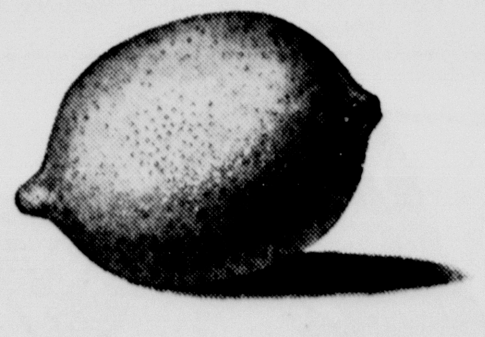
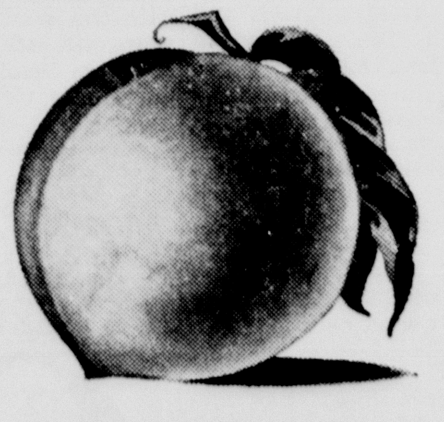
Randall County, Texas

What kind of a party-line neighbor are you?





Leave the receiver off the hook so no one else can call.

Even in an emergency, refuse to give up the line.

Make it a habit to place one call after another.

Only consider yourself — never look out for a neighbor.

Never hear a conversation without jiggling the receiver.

Prefer to extend little courtesies to the other fellow.

Educate children to use the telephone properly.

Always space calls a few minutes apart.

Consider your party-line neighbor — follow the golden rule.

Hang up promptly and gently when the line is in use.

MUSIC ARTS CLUB PLAN FOR COMMUNITY CHORUS

Members of the Music Arts Club met on Monday, October 18, at the home of Mrs. Dan Sanders. The program was given by Miss Marie Fronabarger and Miss Isabel Robinson, accompanied by Mrs. Ples Harper; they played the Allegro and Rondo from Six Little Duos for Violin by Ignace Pleyel, The hostess served tea and cake to those present: Miss Robinson, Miss Fronabarger, Mrs. Harper, Miss Matilda Gaume, Mrs. H. A. Brown, Mrs. Glenn Dowlen, Mrs. Ada V. Clark, Mrs. Glenn Truax, Mrs. Herschel Coffee, Mrs. Bryan McDonald, and Mrs. Joseph Findley.

During the business meeting, the new constitution was adopted and committees for the year were appointed.

Plans were made for the Community Chorus during the Christmas season with Mr. Glenn Truax as director and Mrs. Lee Foster as organist. Publicity and programs are to be arranged by Mrs. Sanders, Mrs. Dowlen, Miss Robinson, Mrs. Truax, and Miss Pauline Brigham. Decorations are in the charge of Mrs. Harper, Miss Gaume, Mrs. Findley, Mrs. Brown, and Mrs. McDonald. Selection of music and soloists will be made by Mrs. T. H. Knighton, Miss Fronabarger, Mrs. Coffee, Mrs. Tommie Montfort, and Mrs. Newton Harrell.

On Thursday, October 21, at 2:30, members of the Music Arts Club are to be the guests of the MacDowell Club at the Lutheran Parish House in Amarillo. On the program for the afternoon will be Miss Gaume, playing "Toccata" by Khatchaturian and "Alt Wien" by Godowsky; and Mrs. Truax, singing "None But the Lonely Heart" and "Pilgrim's Song," both by Tschaikowsky. Mrs. Truax will be accompanied by Miss Gaume.

YOUNG COUPLES BRIDGE CLUB MEETS IN JACK TAYLOR HOME

On Thursday evening the Young Couples Bridge Club met in the home of Mr. and Mrs. Jack Taylor.

Fall flowers added their charm to the beautiful entertainment rooms.

Pumpkin pie with whipped cream, and coffee were served at the social hour. Favors carried out the Hallowe'en motif.

High score was won by Arthur C. Haley, Jr., and low by Meredith Warren.

Those present were: Mr. and Mrs. Robert Bellah, Mr. and Mrs. Ellsworth Barnard, Mr. and Mrs. Robert Orton, Mr. and Mrs. Haley, Mr. and Mrs. Meredith Warren, Mr. and Mrs. Bernard Warren, Mr. and Mrs. W. J. Wooten, Jr., Mr. and Mrs Bill Sternenberg, Mr. and Mrs. Oscar Hinger, Mr. and Mrs. Tommie Lair, Mr. and Mrs Murphy White, Mr. and Mrs. Clark Jarnagin, and the host and hostess.

MRS. STERNENBERG HOSTESS TO AS YOU LIKE IT CLUB

On Thursday afternoon Mrs. A. W. Sternenberg was hostess to the members of the As You Like It Club.

Dahlias and roses were used to decorate the house.

At the conclusion of the series of games a salad course was served to Miss Edna Graham, Mrs. Clyde McElroy, Mrs. C. W. Presley, Mrs. R. A. Terrill, Mrs. Geo. Clark, Mrs. W. C. Black, Mrs. T. B McCarter, Mrs. Ted Reid, Mrs. F. E. Savage, Mrs. Ann Wofford, Mrs. Clyde Warwick and the hostess.

GEORGE HODGES HONORED BY EMPLOYEES IN DEPARTMENT

On Saturday evening employees of the Highway Department who have worked under the supervision of George Hodges gathered at the home of Mr. and Mrs. Al Morgan with their families to honor Mr. Hodges who is retiring from the department.

Those present from Canyon were Mr. and Mrs. J. R. Shelnutt, Mr. and Mrs. Shirley Pitts and family, Mr. and Mrs. Johnny Sykes and family, Mr. and Mrs. Morgan and daughter, Dan Higgins and Mr. and Mrs. Hodges.

Those attending from Hereford were Mr. and Mrs. T. M. Couch, Mr. and Mrs. Lee Newman and Jack Dry.

NEWLY WEDS MOVE TO OHIO

Mr. and Mrs. Donal Woods left Tuesday for Mossillion, Ohio, where he will accept a position with a Mossillion Housing Project.

Mrs. Woods, formerly Georgia Lindemann, is a graduate of The Sacred Heart Academy of Wichita, Kansas.

Mr. Woods graduated from Mossillion High School and later atetnded Ohio State.

The couple were married September 8 while Mrs. Woods was vacationing with relatives in Memphis, Tenn.

GIRL SCOUT ASS'N MEET

The Canyon Girl Scout Association will meet at 3:00 o'clock Saturday afternoon, October 23, at the South entrance of the Demonstration school.

All officers, commtitee women, leaders and prospective leaders in Girl Scout work are invited and urged to attend.

Mr. and Mrs. Clarence Adcock and Nancy and Mary Ruth Hill attended the State Fair in Dallas last week end and visited relatives in Cleburne.

Mr. and Mrs. G. R. Marcom of Levelland spent the week end in the home of Mr. and Mrs. C. H. Stratton. Mrs. Marcom and Mrs. Stratton are sisters.

Mr. and Mrs. Carl Armstrong of Claude spent the week end in the parental E. P. Harding home. Mrs. Armstrong will be remembered as Jessie Pearl Harding.

Mr. and Mrs. Golden Green and family of Earth, Texas, visited in the home of Mrs. Rhea Robbins Sunday.

Mr. and Mrs. D. V. Shelnutt and Mr. and Mrs. Shirley Pitts and family visited relatives and friends in Silverton Sunday.

Mr. and Mrs. Bob Brotherton of Follette visited with their parents in Canyon over the week end.

FOOD SAVING

While the Government has formally dropped "meatless Tuesday" in its effort to conserve food, it has issued a new appeal for food conservation, asking Americans to observe a meatless day of their own choice. The Agriculture Department, which issued the appeal, says there still is need for food saving by both families and public eating places in order to check rising food prices and to help build food reserves to make supplies available for hungry areas abroad.

FUEL OIL

The Navy has announced a new contract for 9,850,000 barrels of fuel oil and gasoline from the Persian Gulf area during the last half of 1948, and negotiations are underway for another 4,900.000 barrels from Middle East sources.

So many people need sympathy nowadays that you shouldn't waste any on yourself.

FATTEN UP that PIGGY BANK with these EXTRA SAVINGS

Copr. Advertisers Exchange Inc. 1948

Here's one thing you can always bank on—you save more money at COOPER'S—get more of everything you like in food . . . more quality . . . more variety . . . more good eating at lower cost. Seeing is believing, and you'll see convincing proof in every department of our modern market. So fatten up your piggy bank on a steady diet of the extra savings you get here every day, and watch how quickly they add up to dollars saved.

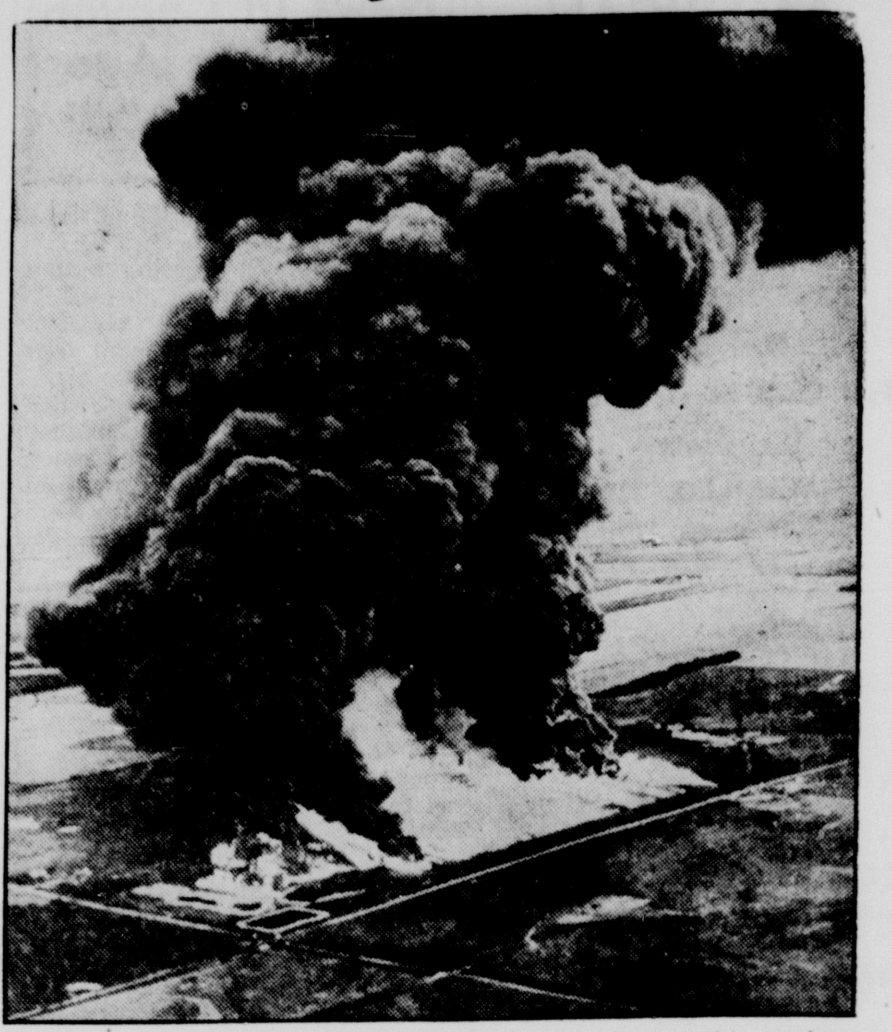
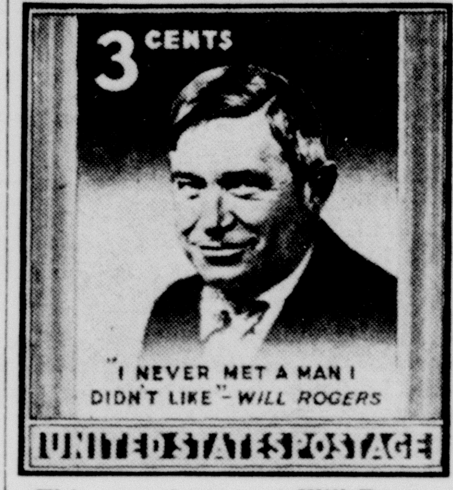
Blazing Black Gold



Destroying oil at the rate of $50,000 worth a day, this gusher burned and smoked for nearly four days before fire fighters succeeded in quenching the blaze. The fire threatened the $300,000,000 Ludec oil fields near Edmonton, Canada. Firemen extinguished the flames by forcing water down nearby relief wells.

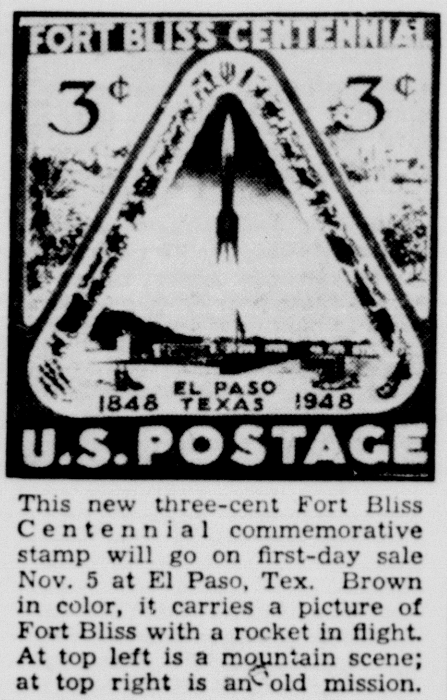
Honors Will Rogers



3 CENTS
"I NEVER MET A MAN I DIDN'T LIKE"—WILL ROGERS
UNITED STATES POSTAGE

This new three-cent Will Rogers commemorative stamp will go on sale Nov. 4 in Claremore, Okla. Purple in color, it carries a portrait of the cowboy-humorist and his famed saying, "I never met a man I didn't like."

Army Post Stamp



This new three-cent Fort Bliss Centennial commemorative stamp will go on first-day sale Nov. 5 at El Paso, Tex. Brown in color, it carries a picture of Fort Bliss with a rocket in flight. At top left is a mountain scene; at top right is an old mission.

"Just think!" beamed the missionary, "Only 20 years ago I came here and brought enlightenment and civilization to your land. And now I return and find that you are entirely civilized."

"Civilized is right," replied the Chief of Boogoobooland. "We are so civilized that we had to double the police force and build a new jail. And some of our divorce cases are almost unfit to print."

Russia's Premier Stalin lacks an atomic bomb to back up his dealings with the West and for at least five years will lack significant quantities of these bombs, in the considered opinion of U.S. experts. Bomb production in U.S. is rising.

Showers Given For Bailey-Devenport Wedding Couple

On Wednesday afternoon, October 6, friends of Verna Devenport, bride-elect of Lee Bailey, honored her with a surprise personal shower in the home of Mrs. Dick Ziegler, 1001 Fifth Avenue.

Dahlias in attractive groupings decorated the entertainment room and centered the cut glass appointed serving table. Miss Janey Forester presided at the punch bowl.

Those signing the guest book were: Dorothy Butler, Chloe Ann Black, Dorothy Gafford, Wanda Edwards, Ann Dooley, Betty Thomson, Weedon Young, Sue Dickerson, Fay Dickerson, Suzanne Stephenson, Sue Jennings, Martha Avent, Juanita Avent, Billie Marie Money, Katie Furlow, Laura Davis, Carol Hamlen, Mary Sue Foster, Polleen Prichard, Joanna Haines, Valeta Haines, Mable Graham, Sarah Jane Martin, Wanda Parker, Jo Parker, Marguerite Farlow of Tulia, June Jennings, Letha Harwood, Jean Hill, Mary Ruth Hill, Ema Gene Zachry, Janey Forester, Mary Ann Parker, Frances Standley, Frances Gooch, Mrs. Juanita Ziegler.

Hostesses for the afternoon were: Ema Gene Zachry, Jean Hill, Frances Gooch, Janey Forester, Mary Ann Parker, Letha Harwood and Mrs. Siegler.

On Thursday evening Dick Barrett was host to a steak bachelor supper honoring Lee Bailey, bridegroom-to-be of Verna Devenport, at the home of Mr. and Mrs. Dick Ziegler, 1001 Fifth Avenue.

Bachelor buttons and howling black cats were used for decorations and each guest was presented with a bachelor button buttonaire.

Mr. Bailey was presented with gifts ranging from rolling pins to aprons.

After the dinner the group attended the ball game.

Guests were Lee and Jerry Bailey, Clifford Burtz, M. C. Rhodes, James Bible and Dick Barrett.

POTENTIAL OIL

The United States has enough potential gosaline and oil in shale beds in the West to run its automobiles and machines for another 150 years, according to a report of officials of the Bureau of Mines, Petroleum and Oil-Shale Experiment Station, at Laramie, Wyoming.

Don't spend your time wondering why a black hen lays a white egg—get the egg.

To most of us our memory is the thing we forget with.

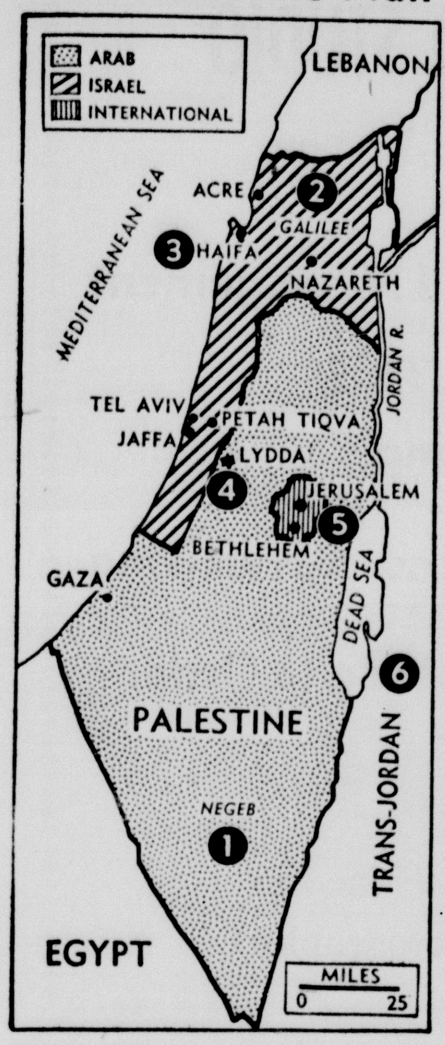
New Palestine Plan



Under UN consideration is the U. S. proposal that the General Assembly approve the late Count Bernadotte's settlement plan for Palestine. It recognizes Israel and revises the original plan, transferring Negeb (1) to the Arabs and Galilee (2) to the Jews. Haifa (3) and Lydda (4) would be free port and airport respectively, and the Jerusalem-Bethlehem area (5) would be UN-controlled. The merger of Arab Palestine with Trans-Jordan (6) is also recommended.

Mrs. Ancel Shewbert of Dalhart, Mr. and Mrs. Earl Burtz and Clifford were Sunday dinner guests of their mother and grandmother, Mrs. Mary Burtz.

Mr. and Mrs. Marshall Williams of Fox, Oklahoma and Mr. Charles Service and daughter from McAllen, Texas, are visiting in the parental Ross Service home this week.

Mr. and Mrs. John Fred Clay of Cheyenne, Oklahoma, visited in the home of Mr. and Mrs. James Funston, Sunday.

Mrs. Temple Ellis of Lubbock visited in the home of Mr. and Mrs. Lorenzo Wirt and family this week. Mrs. Ellis is an aunt of Mrs. Wirt.

Most any business man can handle a big deal, but it takes an executive to dispose of the little deals.

W. T. Freshmen Fall Before H-S Freshman Team

West Texas State Freshmen were defeated Saturday night in a hard game by the Hardin-Simmons University Freshmen. Both teams had won two previous games. The visitors scored 20 to the Freshmen 0.

Texas Tech Freshmen will come to Canyon on Oct. 29 to play a return game. W. T. Freshmen defeated Tech at Lubbock two weeks ago.

VISITORS IN GEO. R. COX HOME

Dr. Jeff Cox from the Hurley Hospital in Flint, Michigan, visited Thursday, Friday and Saturday in the home of his parents, Mr. and Mrs. Geo. R. Cox. Dr. Cox was enroute to Los Angeles, Calif., to attend the Americans College Surgeons Congress.

At the same time Dr. Cox was here his sister, Mrs. Ted Merchant, of Houston was visiting here. Mrs. Merchant will be remembered as Ruth Cox.

Mrs. A. B. Martin and Mrs. Altavene Clark, secretary of Congressman Eugene Worley, were in Canyon Saturday afternoon visiting with a number of friends. While in Amarillo Mrs. Clark lives with Mrs. Martin.

Mr. and Mrs. Hersey Williams, who have been managers of the Consumers Supply at Happy, have bought the J. A. Edwards Truck Line and the new home of F. A. Thomas and are moving to Canyon to make their home.

Earl McAtee and daughter, Betty Jo, with Estel Emery and son, Pete, all of Sayre, Oklahoma, visited over the week end in the home of his parents, Mr. and Mrs. W. H. McAtee.

Mr. and Mrs. O. M. Scott have returned from a trip through Oklahoma, Kansas, Tennessee, Kentucky, Illinois and Missouri, visiting with relatives that they had not seen for thirty years.

Manus R. Foster, son of Mr. and Mrs. Dewey Foster, is enrolled in the graduate school of the University of Kansas at Lawrence, Kansas. He is taking special work in physics.

Mr. and Mrs. Guy B. Tabor spent Saturday night and Sunday in Lubbock visiting in the home of their son-in-law and daughter, Mr. and Mrs. Harley L. Stone and family.

Mr. and Mrs. George A. Farlow spent the week end in Big Spring visiting in the home of their son-in-law and daughter, Mr. and Mrs. George Vineyard.

WORKING ALONE IN FIELDS FOR YEARS, HE CROSSED WILD EMMERS WITH BREAD WHEATS, FINALLY DEVELOPED HOPE STRAIN - THEN AUSTIN AND OTHERS.
WITH TEXAS PLANTED TO RUST-RESISTANT WHEAT, THE MIGRATORY SPORES WHICH CAUSE THE RUST PROBLEM WILL HAVE NO PLACE TO SPEND THE WINTER.
READERS DIGEST AWARDED HIM $2,500 FOR HIS "EXCEPTIONALLY MERITORIOUS ACHIEVEMENT." FARM JOURNAL CALLED HIM THE "BURBANK OF THE WHEAT FIELD".
GEE, GOVERNOR! IT'S FOR ME!
HIS RESEARCH HAS INCREASED THE EARNINGS OF AMERICAN FARMERS BY MILLIONS!
A MONUMENT HAS BEEN ERECTED IN McFADDEN'S HOME TOWN, WEBSTER, N.D.

Edgar S. McFadden, agronomist for the United States Department of Agriculture, stationed at the A. and M. College of Texas since 1935, is credited with having done more than any other living man to feed this hungry world. Breeder of the first rust-resistant bread wheat, named "Hope," he has made it possible to grow wheat on millions of acres throughout the world where it could not be successfully grown before. His discovery is authoritatively credited with having saved American farmers $400,000,000 a year during the past war and with having furnished bread for 25,000,000 people who would have died of starvation. His "Austin" wheat now grows on more than a million Texas acres and his new "Seabreeze" variety is spreading throughout the Gulf Coast area rapidly.

Hunters Return From Successful Deer Hunt

Roy Reynolds, Bill Martin, Cecil Briggs, Clay Cooper, Worth Jennings, M. B. Brown, John Jennings, Hank Decker, Fred Latham and Mr. Latham's uncle, Doc Shepperd of Gatesville, returned Monday night from a deer hunt on the Davis Brothers' Ranch near Ohio City, Colorado, concluding one of the most successful hunts in which any group of hunters have participated.

Each man brought his deer home. There were no accidents. The weather man was kind. John Jennings is credited with killing the largest deer killed.

Lose Car by Fire Cause Unknown

Last Wednesday the E. P. Hardings lost their car, a 1940 Ford, by fire of an undetermined origin.

Mr. Harding had driven home for lunch, parking the car in front of the house. After having eaten he started to return to work and found the car a mass of flames. They were able to extinguish the flames before the gas tank exploded. All the upholstering and wiring were burned out.

The loss is covered by insurance.

An opportunist is one who gets a haircut and shampoo when he has a bad cold, because it always gives him a bad cold, anyway.

Help Keep Canyon Clean!

High School Choir Will Sing Sunday Presbyterian Church

The Canyon High School Choir will sing at the evening service in the First Presbyterian Church at 7:45 o'clock on Sunday, October 24. The High School Choir is under the direction of Herman Demus. Everyone is welcome to attend this service and to hear these young people sing.

This week marks the first anniversary of the ministry in Canyon of the present pastor, the Rev. Benjamin E. Bollman. For his anniversary sermon on Sunday, October 24th, Mr. Bollman will preach on the subject, "This Ministry."

Two tramps were stretched out on the green grass. Above them was the warm sun, beside them was a babbling brook, and all around them was quiet, restfulness and peace.

"Boy," mused the first tramp contentedly, "right now I wouldn't change places with a guy who had a million bucks!"

"How about five million?" asked his companion.

"Not even for five million."

"Well," persisted his pal, "how about ten million bucks?"

The first tramp sat up.

"That's different," he admitted. "Now you're talking real dough!"

CANCER

Irradiated cobalt, a "virtually costless metal," promises in every way to be as effective as radium in the treatment of cancer and far easier to use, according to the Atomic Energy Commission. In the Commission's report, it was emphasized that cobalt could not be "better than radium" and that the cheapness and ease with which it could be used were its only advantages. The public was warned against expecting cobalt to be a "cure-all."

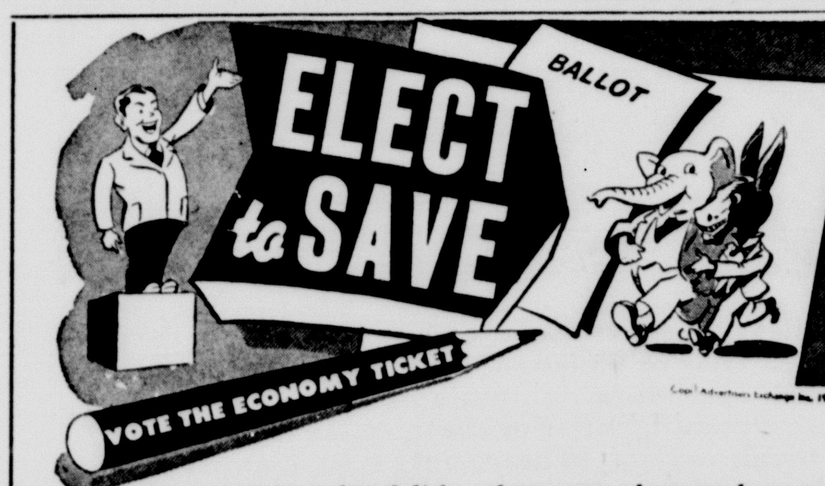
FATS AND OILS

Prices of fats and oils probably will stay high for the rest of 1948, barring a business slump, according to the Agriculture Department. Civilian use of fats and oils was almost back to pre-war levels in 1947, averaging 69 pounds per person, compared to the 1946 per capita of 64 pounds and the pre-war 70 pounds.

A girl may wear a golf outfit when she can't play golf, and a bathing suit when she can't swim, but when she puts on a wedding gown she knows what she's doing.

Imagination was given to man to compensate him for what he is not, and a sense of humor was provided to console him for what he is.

Every day when we arise we're more surprised than ever—when we raise the shades, look out the window, and find the world is still present.



Economy wins in a landslide when you elect to buy your pharmacy needs at CANYON DRUG because we offer you the Straight Savings Ticket—nationally advertised brands at the lowest possible prices. Temperance Poster Guide to Voters

Posters will be placed at each church in Canyon by the Women's Christian Temperance Union to assist as a guide to voters in the November election.

The State President has asked that all groups possible use the posters before the November election.

While the W.C.T.U. is inactive in Canyon, interested women are placing the poster in Canyon. It is hoped that there will be enough interest shown to resume the meetings and organization in this vicinity.

The day is never too long to the man who has work to do and enjoys doing it.

Box Adds His Bit

One would be led to believe that the photographer tried to get everybody in the picture, but to the far right is the main subject. Cloyce Box, quarterback of the Buffs had just started on his 55-yard jaunt which resulted in the only WT touchdown in the game against Texas Mines

Vandale Essay Contest Opens

The fourth annual Vandale Historical Essay Contest is being planned for the school year. The contest is sponsored by the Panhandle-Plains Historical Society in an effort to stimulate interest in the Panhandle-Plains region and its history. Anyone is eligible but preference is being given to amateur historical students.

Prizes for winning essays will include a first prize of $100 and a second prize of $50. Any Southern Plains area may be used as a subject.

The contest was established by Earl Vandale of Amarillo and Newton Harrell of Claude. Mr. Vandale is an active student of history and has assembled one of the finest collections of historical material in the world on this section of the country. Newton Harrell is vice-president of the Board of Regents.

According to Dr. L. F. Sheffy, secretary of the Society, papers should be addressed to the Panhandle-Plains Historical Society, Canyon, Texas, and must be postmarked not later than midnight of May 1, 1949. Decision of the judges will be final. Dr. Sheffy also stated "I hope that we shall have even more students participating in this contest and by all indications we shall."

WUNST

A Metropolitan Symphony Orchestra had given a special performance in a small New England town. It was a new experience for many of the inhabitants. The next day some of the old-timers, gathered around the stove in the general store, were expressing their opinions of the concert.

"Well, all I got to say," commented one old character with finality, "is that was a danged long way to bring that bass drum to bang it only wunst."

The declared purpose of British Chancellor of the Exchequer Sir Stafford Cripps' visit to the U.S. is a blind. Although he is purportedly here to discuss the World Monetary Fund his real goal is to sound out Republican leaders' views on present British debts to the U.S. and the likelihood of continued liberal credit.

ccean's tide is at the Bay of Fundy, New Brunswick, Canada.

The mouth of the Orinoco River is in Venezuela.

FISH GRIDDER

Bobby Lyle

Another newcomer to the West Texas campus is Bob Lyle. A high school blocking back for the Sandies of Amarillo, Lyle now plays left guard for the Yearlings. He stands 5 feet 10½ inches and weighs 170 pounds.

Business men are meanwhile keeping a sharp eye on such significant trends as these: Men's wear retail sales are slow; builders find it harder to find buyers for homes over $10,000; food stocks are so large only Government buying and export can handle them; though there has been no general decline in food prices, coming months will see numerous individual recessions and the downward trend may be prolonged with a crisis in Government support of farm products due in 1949-50.

Leading construction firms are convinced building costs will not drp by more than 10% within the next five years, barring a depression. If war comes, they believe prices will go higher; if they drop due to a depression, they think the decline will be of short duration.

FARMERS - See our line of HEAVY DUTY BINDER CANVASS. Made of heavy water proof duck with two 3 in. and two 1¼ in. web. belts, leather ends. Slats 4½ in. apart. CONSUMERS WHOLESALE.

Despite Labor's optimistic stand on Truman's Candidacy, the nation's top labor leaders have conditioned themselves to a GOP landslide and are now drafting a policy to use with a Republican administration. They will press for some sort of price freeze and for higher corporation taxes. Negotiations on individual work contracts will emphasize job security and old age benefits rather than across the board wage boosts.

Help Keep Canyon Clean!

BE WARM THIS WINTER

Do you dread that first frosty fall night when you may have to get out of bed at two in the morning to find an extra blanket? Remember last winter's nights when you worried about whether an extra blanket would be enough? You don't have to go through that inconvenience this winter.

Electric blankets make "just right" sleeping comfort all through the winter a sure thing. One feather-light blanket on your bed... and the convenient electric warmth regulator makes it equally suitable for the coldest northers... or brisk fall nights.

See the new electric blankets now... so economical... so attractive... so light. You'll want an electric blanket on every bed in your home... low-cost electric service makes them a better buy now than ever.

See your favorite dealer soon about "feather-light" electrical warmth this winter.

Socialized Coal Mines in England Ape Capitalism

Even socialism, it seems, must imitate capitalism on occasion.

In England, a number of the socialized coal mines—those which are losing the most money—are to be closed, and their labor and equipment is to be shifted to mines which have a better financial record. Before this can be done, however, the government must make surveys and plans, in the fashion of bureaucrats the world over, and so mines which lose as much as $28 on each ton of coal produced will continue in business for some time.

Commenting on that, one of this country's principal business newspapers said that it looks like those who are most hostile to private enterprise are acting like benighted capitalists themselves. However, it went on, "There is one difference between the capitalist and the government. When the capitalist no longer made a profit, he did not call in a board of statisticians and get up a blueprint; he just quit and saved such portions of his hide as he could . . .Unlike the government, he had no authority to tax all the people in the country to continue to subsidize his operations while he made a retreat which would be orderly and face-saving."

Look at the American coal mines by contrast. Private enterprise has built them to a point of efficiency where each miner can get out several times as much coal each day, and with less labor, than his English counterpart. As a result, the American miner gets a wage which would seem actually unbelievable anywhere else. If a mine operator loses money, it is his tough luck. Under this system, our coal production has been sufficient for our great needs, with a margin left over for export to other countries—and experts say it can be further stepped up if required. Things are certainly different in the socialist paradises where everything is in short supply.

Hereford Breeders Getting Ready For 1949 Pampa Show

Pampa, Texas—The 1949 Top o' Texas Hereford Breeders Show and Sale will be held in Pampa on February 14 and 15, Frank Carter, president, announced.

The Top o' Texas Junior Livestock Show and Sale will again be held in connection with the Breeders Show. The Junior Livestock Show including livestock from Gray, Wheeler and Roberts counties was one of the highest average sales of 1948, calves averaging 47c per pound on 55 head and hogs 54c per pound. Carson county will be added to the sale this year.

Colonel Earl Gartin and Walter Britton have been engaged to cry both the Breeders and Junior Livestock Sales.

The fall membership meeting of the association will be held at Recreation Park on October 28 at noon when all members of the association, their families and guests, will enjoy a barbecue lunch.

A stock judging contest for both men and women will be held as the featured entertainment under the direction of Quentin Williams. Appropriate prizes will be offered in both divisions.

SCREWBALL

A young medical lieutenant who walked past the psychiatric ward each morning and watched one of the inmates go through motions of winding up and pitching an imaginary ball, was finally asked by one of his friends why he stopped daily and watched the screwball go thru his act.

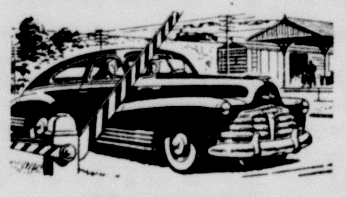
"Well," he answered, "if things keep going the way they are, I'll be in there some day catching for that guy, and I want to get on to his curves.

YES, all comparisons prove
CHEVROLET GIVES MORE VALUE

It's first in all these basic motoring advantages . . .
FIRST IN BIG-CAR QUALITY at LOWEST PRICES
. . . just as it's first in nationwide registrations!

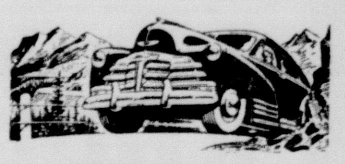
More Value
in Riding Comfort

You'll find that Chevrolet gives more riding-smoothness, more riding-steadiness, on all kinds of roads because it has the original Unitized Knee-Action Ride, proved and perfected by *14 years of experience* in building Knee-Action units. Available only in Chevrolet and higher-priced cars!



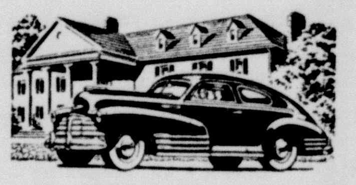
More Value
in All-round Safety

Chevrolet brings you the *four-fold* safety-protection of Fisher Unisteel Body-Construction, safety plate glass in all windows, the Unitized Knee-Action Ride and Positive-Action Hydraulic Brakes; and this is another combination of features found elsewhere only in higher-priced cars!



More Value
in Performance with Economy

There's nothing like Chevrolet's world's champion Valve-in-Head engine . . . with its record of having delivered *more miles* of satisfaction, to *more owners*, over a *longer* period, than any other engine built today . . . and Valve-in-Head design is exclusive to Chevrolet and higher-priced cars!



More Value
in Beauty and Luxury

You know that there's only *one* leader in fine coachcraft—Body by Fisher! It's world-famous for quality, beauty and luxury, not only in exterior design, but in interior appointments like *hardware* and *upholstery*, as well. And Body by Fisher, too, is exclusive to Chevrolet and higher-priced cars!

Marching Band Readys for Dallas Trip Next Friday

The West Texas State Marching Band is preparing for its trip to Dallas and the State Fair October 23.

The band will leave early Friday morning, October 22, for Dallas and arrive there sometime after noon. From Friday afternoon until Saturday at noon the Band members will be able to see the State Fair and anything else that may interest them at Dallas.

The Buffalo Band is going to Dallas to attend the game between West Texas State and East Texas State in the Cotton Bowl Saturday afternoon at 3. They will march during the half-time.

Band girls will stay at the Southland Hotel while the boys will stay at the YMCA. The band will return Saturday night after the game.

Military policy makers in the Pentagon want to take Spain's Generalissimo Francisco Franco into the Western bloc right away, to prepare bases in Spain for possible war with Russia. But top officials in the State Department want to wait, convinced the Generalissimo cannot last much longer without U.S. dollars.

The Senate Investigating Committee may soon steal the Justice Department's thunder and start its own probe of the national anti-trust policy. The committee's goal, however, would be a revision of the law, not a muckraking blast against big companies.

Only Haven Open To Displaced of World -- America

An intenational organization of churches has gone on record as being opposed to communism on the one hand, and what it calls "laissez faire capitalism" on the other hand. The system which it holds out as the ideal seems to be a middle-of-the-road socialism, much like that which the Labor government has been putting into effect in England.

It may be that a mild form of socialism has a theoritical appeal. Certainly, no one can oppose the goal of greater economic security for all people. But the harsh fact is that every step in the direction of total government, no matter how short it may be initially, makes the next step inevitable. That is happening in England, where a form of forced labor is now in effect. When a man cannot change his job without the permission of the state, and when the state becomes a mass employer, there is nothing to protect the people from ultimate dictatorship. The fact that Mr. Attlee and his leaders are men of good will is not the point. They will be followed by other men, and the government is deliberately building up the powers which prepare the way for a man on a white horse—for a Hitler or a Mussolini.

No intelligent man denies that there are faults in the capitalist system. But the big thing to remember is that the faults constantly become fewer and are possible of correction by the people. No other system ever placed in practice has shown so great a capacity for self-improvement. And no other system has given the masses of the people a tithe as much in the way of material benefits and luxuries.

The remarkable thing about capitalism is that, while creating unequaled material values, it has protected and nurtured the spiritual values. We take free speech ,the free press, freedom of religion and the other basic freedoms for granted. If we lived in most of the other countries of the world, however, they would seem to be unattainable and visionary ideals. Totalitarian economics always goes hand in hand with totalitarian methods in all phases of a nation's life.

Every day we read of refugees from abroad finding a haven in America. No other nation holds out so great a hope to the oppressed and the underprivileged. And the system of economics we call capitalism —which is simply a name for private property, private initiative, private enterprise—is the rock on which our strength and our liberties are founded. Religious organizations that wish to remain free had better awaken to this fact.

Palo Duro News

Mr. and Mrs. Tom Gooch and Mr. and Mrs. Jake Gray were dinner guests in the home of Mr. and Mrs. A. B. Gray Sunday.

Mr. and Mrs. James LaCour and children visited with Mrs. Alice Black Sunday.

Mrs. B. A. Stroup visited Mrs. James La Cour Monday afternoon.

Visitors in the B. A. Stroup home Sunday afternoon were Mr. and Mrs. J. D. Vandergriff, Mrs. Mattie Vandergriff, Rita and Faye Gunter and Wanda Rodgers.

Mrs. Bob Harlow and daughters returned to Brownwood Saturday after having visited in the parental Henry F. Miller home for the past two weeks.

Mrs. Adolph Kampen and Edward spent last week in the Henry Miller home while Mr. Kampen went deer hunting in Colorado.

Lee Johnson of Wisner, Nebraska, spent last week in the E. A. Michael and E. H. Albers homes.

Mr. and Mrs. Henry Miller, Mrs. Alvina Leseberg, Mrs. Walter Boehning and Mrs. Albert Meyer attended the Lutheran Women's Missionary League rally in Rhea Thursday.

Mrs. J. C. McClendon visited in teh Henry Miller home Sunday.

Mr. and Mrs. Vance Albers and Carolyn of Lubbock visited in the Henry Miller and E. H. Albers homes Sunday.

Mr. and Mrs. M. A. Armstrong and Jerry of Odessa spent last week end in the home of Mrs. Louise Meyer.

The Truman-Marshal talks last Saturday were not on a too friendly basis. Marshall did not share Truman's view that he would return to the White House, bluntly informed the President that during his remaining days in office Truman should exert "every effort to maintain the delicate international balance" and leave matters in as good shape as possible for the succeeding Administration.

Secretary of State George C. Marshall did not want to come home. When the President first asked him to make a flying trip to Washington, Marshall said it "would be inconvenient to leave Paris at this time," but he asquiesced when Truman insisted that he make the trip.

TESTIMONY

In a certain midwestern court a man was suing the local traction company for injuries allegedly received in a streetcar accident. The truth of the matter was that he had actually received his bruises when his auto collided with a telegraph post. And this had happened a full mile from the streetcar line.

The plaintiff's witnesses swore to the facts of the accident, and things were going very nicely for him, when one of their number was suddenly beset with an attack of conscience and during a recess repaired to the judge's chambers and confessed to the frame-up.

The judge rushed back into the courtroom with fire in his eye, determined to make an immediate revelation of the perjurers. But he was brought up short in his resolution when the traction company's attorney suddenly produced three witnesses prepared to swear that the plaintiff was drunk when he boarded the streetcar.

U. S. generals and military officials who talk in public as if this country were about to fight Russia have fewer than three months in which to do their talking. Mr. Dewey, as President, is prepared to insist that the military handle military affairs while the Department of State and White House handle foreign policy.

MOTOR VEHICLES

Motor vehicle registration in the United States reached a new peak of an estimated 37,500,000 units, according to a summary of reports from states, issued by the Federal Works Agency. This was about a 20 per cent increase over the total at the end of the war. Commercial vehicle registrations in 1947, including trucks and buses, amounted to 6,651,662. Automobiles, trucks and buses owned by Federal, State, county and municipal agencies totaled 481,035 in 1947. Motorcycle registrations were 434,741.

Herbert Hoover, in his plan for re-organizing the Federal Government on a functional basis, is prepared to recommend new and important functions for the Department of Commerce, which he once headed. The late President Roosevelt, on taking office in 1933, reduced the Commerce Department to a shadow of its former self in terms of functions and powers.

Presidental Secretary Charles G. Ross does not believe that Truman will win. Moreover, Ross is eagerly anticipating Nov. 3, when he will repay many old hurts (the State Department leak that Chief Justice Vinson might visit Stalin was typical) and betrayals, which now, out of loyalty to Truman, Ross must suffer in silence.

TRAFFIC

Traffic on rural roads during 1947 reached 186,000,000,000 vehicular miles, a new peak. On the main highways the total was estimated at 137,000,000,000 vehicle miles, an increase of almost twelve per cent over the previous high of 1941.

Thomas McCabe, present Federal Reserve Board Chairman, is expected to offer his resignation to Mr. Dewey, in event of a Dewey Administration, and the resignation will be accepted. Allan Sproul, president of the New York Federal Reserve Bank, is expected to be offered the job, although he may not accept owing to the sacrifice in salary involved.

There was a heated argument going on in the court room one day. The case involved a woman who was hit by a car. The defending lawyer, eager to get his client's innocence across to the jury, said, "Mr. Smith couldn't be wrong; he's been driving cars for 15 years."

The prosecuting attorney, always a shrewd talker, countered quickly with: "In that case my client is certainly right. You see, she's been walking for 40 years."

A lot of men waste a lot of time trying to find a match; and a lot of women waste a lot of time trying to make a match.

"Doc," said the old mountaineer, leading a gangling youth into the presence of the village medico, "I want you should fix up my son-in-law. I shot him in the leg yesterday and lamed him up a mite."

"Tut, tut," clucked the doctor disapprovingly. "Shame on you for shooting your own son-in-law."

"Wal, doc," replied the mountaineer, he warn't my son-in-law when I shot him!"

Coal owners are quitting poor diggings because buyers now want only the best grades. This reverses the situation that helped John L. Lewis win big pay increases in mid-1947 when demand for coal was huge.

Some U.S. officials are encouraging German industrialists to look forward to a time when they can have 19,000,000 tons of steel capacity. At one time the idea was that Germany could have 3,000,000 tons of capacity, and Mr. Truman at Potsdam went along with the idea of a ceiling of 7,500,000.

Paul Hoffman, Administrator for Economic Co-operation, if he looks will find that Italian industrialists are suffering from an embarrassment of Marshall Plan riches. They find themselves with more coal and oil than they can use.

Just for fun, check up on the next bushel of wheat you buy. There are 556,000 seeds in a bushel.

Lions Club Heard Visiting Minister at Weekly Luncheon

Rev. G. S. Schurman, Ft. Worth, visiting evangelist at the Christian Church, was guest speaker at the Lions Club, Oct. 12th. Mrs. Schurman delighted the group with several vocal selections. W. G. Baker, London, England, who has been in America to attend the International Convention of the Disciples of Christ spoke briefly.

Lion C. N. Cox of Slaton visited the club.

Dr. R. C. Busteed came into the organization as a new member.

Among the visitors were: Rev. Jordan Grooms, Levelland, Texas; Dr. Jeff Cox, Flynt, Michigan; Rev. John Osteen, Amarillo; Dr. Roy L. Johnson, Rev. Hubert Thomson, John B. Hunter, Dr. R. P. Jarrett, A. M. Cunningham and R. N. Jennings, all of Canyon.

Rev. Johnston delivered two excellent sermons Sunday to a good crowd.

Those enjoying lunch in the E. W. Schaeffer home Sunday were Mr. and Mrs. J. C. Amerson and children, Patsy Scribe, Mr. and Mrs. J. W. Wesley, Miss Vesta Amerson, Brother and Mrs. Johnston and Steve Johnston.

This Tuesday evening was set to pack the duffle bags with used clothing for foreign relief.

The first and third Sudnays of each month will be Bro. Johnston's regular days to preach to us. We urge everyone to come out to hear this young minister.

Mrs. Rayford Shipman and daughter, Jannis Rae, were moved to the parental E. W. Schaeffer home last Thursday. Both are doing fine.

Miss Fayerene Schaeffer returned to Plainview to work Sunday evening after having had a two week vacation.

Mrs. Lola Belle Lang was moved to Neblett Hospital in Canyon the past week.

Mr. and Mrs. J. W. Wesley, Vesta and LaVena Amerson visited in the F. O. Amerson home Saturday evening.

John Patterson called in the J. W. Byrd home Sunday afternoon.

J. W. Wesley, G. E. Wesley, Mrs. S. F. Sharpes, E. W. Schaeffer and A. E. Wise attended the Farm Bureau meeting in the Herring Hotel in Amarillo last Friday.

CARD OF THANKS

We wish to take this opportunity to thank all our friends, The American Legion, and V. F. W., for their many kind deeds, expressions of sympathy and lovely floral tribute extended us at the burial of our son and brother, S-Sgt. Carroll Truett O'Donald. The O'Donald Family.

THANK YOU CARD

We wish to thank Dr. R. P. Jarrett, and our many friends for their many expressions of sympathy, deeds of kindness, and lovely floral offerings duirng the illness and burial service of our beloved wife and mother, Mrs. Bessie Fern Hammons. Mr. J. P. Hammons and family.

Senator Robert Taft is studying to become an expert on foreign affairs prior to taking a place on the Senate Foreign Relations Committee, of which Senator Arthur Vandenberg is chairman. Senator Taft wants to do some heel dragging on proposals to use U.S. dollars in an even bigger way to underwrite Western Europe and can't do that so well when not a member of the committee that passes on policy.

Help Keep Canyon Clean!

JOWELL H. E. CLUB ELECTS OFFICERS AT DAVIS HOME

The Jowell Home Demonstration Club met in the home of Mrs. Earl G. Davis on Wednesday, Oct. 12.

Officers elected for the coming year were: President, Mrs. S. G. Elliott; vice president, Mrs. T. G. Bonds; secretary, Mrs. Earl G. Davis; council reporter, Mrs. Tom Gooch; club reporter, Mrs. T. G. Bonds.

After the officers were elected an interesting program was given. Mrs. Roy Byrd, Sr., gave an attention holding talk on the Palo Duro Canyon and Old Tascosa. Mrs. Hinders' discussion on "The Museum Keeps the Past Alive for Us" gave us a better insight to the value of the museum to each of us.

Refreshments of cake, peaches with whipped cream, and punch were served to the following: members, Mrs. Roy Byrd, Jr., Mrs. Edgar Robinson, Mrs. John Robinson, Mrs. Culp, Mrs. Barrett, Mrs. Hinders, Mrs. T. G. Bonds; one new member, Mrs. Louis Hinders, Jr., and one visitor, Mrs. Roy Byrd, Sr.

The next meeting will be with Mrs. Eugene Bonds on October 20 at 2:00 o'clock.

Compared with the British inch, the American inch is two millionths of an inch too long; which is the least Americans have ever stretched anything.

JERRY NEWMAN HOME SCENE TUESDAY DINNER BRIDGE

The Tuesday Nite Dinner Bridge Club met in the spacious home of Mr. and Mrs. Jerry Newman, Tuesday, October 12.

Dinner was served buffet style from a beautifully appointed lace covered table which was centered with an attractive arrangement of yellow and orange calendula, flanked by tall white tapers in crystal candelabra.

Mr. and Mrs. Houston Bright were welcomed back into the club.

Mr. and Mrs. Milton Morris won high score.

Those present were; Mr. and Mrs. Hosea Foster, Mr. and Mrs. Gordon Lyons, Mr. and Mrs. Milton Morris, Mr. and Mrs. Houston Bright, Mr. and Mrs. Larry Holman, Dr. and Mrs. Robert Jarrett, Mrs. Otis Parker and the host and hostess.

WOMAN'S BOOK CLUB MAKES STUDY OF RANDALL COUNTY

"Randall County" was the study topic at the Woman's Book Club Oct. 13, 1948. Mrs. C. M. Dowlen gave "The History of Randall County." "Randall County Today—Her Problems and Resources" was discussed by Mrs. L. A. Donnell. These topics were very interesting and informative.

Mrs. Evetts Haley, vice-president, presided over the business session. Eighteen members were present.

The idea is growing among business analysts and top officials such as Treasury Secretary John W. Snyder that the U.S. can continue on a high level of uninterrupted prosperity for years to come—because of high wages, increased population, a huge reservoir of unspent wartime savings, new industries and inventions, and unfilled demand for houses, autos, farm machinery, schools and highways.

The most attractive filling station we know of is the dining room.

In its drilling for oil over an area of 32,000 square miles within the Arctic Circle, the U. S. Navy is striking "gushers" in one of every seven oil wells drilled, according to Brig. Gen. Ensley Llewellyn.

Truax-Meek Wedding Is Solemnized In Pretty Church Wedding Saturday

MRS. JAMES REX MEEK

Nuptial vows were solemnized Saturday evening for Arline Truax, daughter of Mr. and Mrs. Glenn Truax, and James Rex Meek, son of Mr. and Mrs. J. H. Meek of Pomona, California.

Rev. Hubert Thomson, pastor, read the double ring service in the First Methodist Church. Miss Ellen Sanders, organist, played "In a Monastery Garden" and "To a Wild Rose." The bride's father played a violin interpretation from "Thais" and Miss Katherine McNeill of Houston sang "Always" and "Through the Years." Traditional wedding marches were used for the processional and recessional.

Arrangements of bronze chrysanthemums and candelabra featured the decorative setting at the altar. Miss Virginia Leake and Miss Kathleen Truax lighted the candles.

Attending her sister as matron-of-honor, Mrs. Robert Holland of Perryton wore a toast brown crepe dress with darker brown accessories. Her corsage was of gardenias.

Jimmy Rodgers of Fort Worth was best man and ushers were Robert Holland of Perryton and Bill Hutcheson of Pampa.

Given in marriage by her father, the bride was attired in a sky blue dress trimmed with matching lace and complimented with navy accessories. Her bridal bouquet was of white gardenias. Her something blue was her dress; something borrowed was her handkerchief, borrowed from her great grandmother; something old was her necklace, a strand of black rose pedal beads made by her great-great aunt.

Mrs. Truax, mother of the bride, wore an ash gray embroidered crepe dress with black accessories and a corsage of Vanda orchids.

Following the ceremony, the bridal party was feted at a reception in the home of the bride's parents. Draped with a satin cloth, the serving table was centered with an arrangement of chrysanthemums and white tapers. Mrs. L. F. Sheffy served the tiered wedding cake and Mrs. Glenn Dowlen presided at the punch bowl. Mrs. Lee Foster played piano selections throughout the receiving hours. Assisting in the house party were Mrs. Dan Sanders, Mrs. Iverson Leake and Mrs. Bryan McDonald.

Mrs. Meek attended North Texas State College, Denton, and served with the USO Camp Shows, Inc. For the past two years, she has been with a vocal group in Vaughn Monroe's orchestra. Mr. Meek was graduated from North Texas State College and served in the Army. He is employed by Swift and Company.

The couple is to live at 512 North West Fourth, Mineral Wells.

The Veterans Administration has ordered a sharp tightening of loans to G.I.'s for homes. Although veterans' repayment record has been good, defaults are increasing. VA will demand larger down payments and a stricter check on monthly payments to private lenders.

BOYCE HOUSE "Gives You Texas"

Orators don't coin phrases like their predecessors did in the good old days.

For example, the one who referred to a political party with its motley groups as "held together by the cohesive power of plunder."

And Tom Corwin's phrase that if his native land were invaded, "We would welcome them with hospitable hands and bloody graves."

A man who had just listened to a speech said it reminded him of "the peace of God" because "it passes all human understanding."

All that a Texan wants is what is coming to him—not any less but not a bit more. But some are receiving more than they are entitled to because of the greater growth in population of some parts of the State in comparison to others.

Representation in the legislature is not based on today's population as it should be—but what the population was, 28 years ago.

The State Constitution calls for redistricting after each census but there has been no redistricting since 1921. A few members of the legislature have blocked redistricting because they might have to run against each other.

They put their own political interests above their oath to carry out the Constitution. They place their selfish individual ambitions above doing justice to 7,500,000 Texans.

The folks back home do not share any such selfish view. Texans believe in a square deal; they are fair-minded.

That's the reason why Constitutional Amendment No. 2 should pass in the general election; it provides a sure way of bringing about redistricting every ten years.

Proper Refrigeration Causes Decline In Common Diseases

From statistics compiled by the State Health Department, Dr. Geo. W. Cox, State Health Officer has disclosed that a lack of proper refrigeration contributes materially to the total disease outbreaks for one year, caused from foods other than milk and milk products.

During the year, there were 298 outbreaks of diseases from contaminated foods, incapacitating 12,526 persons, 17 of whom died.

"The food poisoning was usually caused from contamination through insanitary conditions, infections of food handlers, or of even more significance, lack of early and adequate refrigeration," Dr. Cox said. "Even when contaminated, foods will seldom develop toxins sufficient to cause poisoning if properly refrigerated promptly after preparation. Outbreaks caused from foods have totaled nearly six times the number caused from water or milk."

The State Health Officer pointed out that the consuming public is, in many areas, protected by proper enforcement of sanitation standards for eating establishments such as are set up in the United States Public Health Service Milk Ordinance and Code. The public is entitled to a good, clean, safe and wholesome food supply, including milk which has been produced under strict sanitary conditions and properly refrigerated. This is a great protection against disease outbreaks caused by contaminated foods of various kinds, and Dr. Cox said this was especially obvious in view of the fact that no disease outbreak has as yet been traced to pasteurized grade A milk, which had been adequately refrigerated.

When a woman lowers her voice, it's a sign she wants something; when she raises it, it's a sign she didn't get it.

Devenport-Bailey Rites Read in Impressive Home Ceremony

MR AND MRS LEE BAILEY

Nuptial vows were read for Verna Devenport, daughter of Mr. and Mrs. C. S. Devenport, and Lee Bailey, son of Mr. and Mrs. Edd Bailey of Espanola, New Mexico, in an impressive home wedding Saturday evening, October 16, the wedding anniversary of the bride's parents.

Rev. Hubert Thomson, pastor of the First Methodist Church of Canyon, read the single ring ceremony at an impressive altar which had as its background a draped picture window. A white arch entwined with gladioli and white satin bows and flanked with white chrysanthemums completed the altar decorations.

Mrs. Aldon Huggins, sister of the bride and her only attendant, wore a grey wool gabardine suite with black accessories and carried a bouquet of roses.

Jerry Bailey served as his brother's best man.

The bride was lovely in a soft grey wool gabardine dress with blue accessories. Her bouquet was of roses and she carried a blue imported linen handkerchief.

Mrs. Devenport, mother of the bride, wore a royal blue silk gabardine dress with a corsage of white carnations. Mrs. Bailey, mother of the bridegroom, wore a grey wool dress with a corsage of white carnations.

Following the ceremony, the couple was honored with a reception. Centering the lace covered refreshment table was a three tiered wedding cake, surmounted with a miniature bride and groom standing under an arch, and flanked with tall tapers and tiny buds.

Mrs. Edgar Robinson, sister of the bride, served the wedding cake and Mrs. Aldon Huggins presided over the crystal punch service.

For her going away suit, the bride wore a grey wool gabardine suit with black accessories and a corsage of red rose buds.

Mr. and Mrs. Bailey graduated from Canyon High School in May. The couple will be at home in Espanola, New Mexico where Mr. Bailey is employed at the atomic bomb plant.

Out of town guests for the wedding were Mrs. H. L. Devenport of Clarendon, grandmother of the bride; Mr. and Mrs. Edd Bailey, Jerry and Joe of Espanola, New Mexico; Bobby Sullivan and Mr. and Mrs. Aldon Huggins, all of Amarillo.

A pre-nuptial miscellaneous shower was given Tuesday afternoon, October 12, from 3:00 to 5:00 o'clock in the home of Mrs. John Robinson to honor Miss Verna Devenport.

The guests were greeted at the door by Mrs. Robinson, Miss Devenport and her mother, Mrs. C. S. Devenport.

Beautiful arrangements of fall flowers were used throughout the house.

To carry out Miss Devenport's chosen colors of yellow and blue, the dining room was decorated with yellow canthenian and blue asters in centerpiece formation on the table and buffet with yellow and blue tapers in crystal holders flanking each.

Presiding at the silver tea service at the first hour was the sister of the bride-to-be, Mrs. Edgar Robinson and the second hour and other sister, Mrs. Charlene Huggins of Amarillo.

Hostesses for the occasion were Mrs. J. W. Spencer, Mrs. Ross Service, Mrs. B. R. Barrett, Mrs. Earl Burtz and Mrs. Robinson.

More than one hundred guests attended and sent gifts.

President Truman, in a gesture before election, planned to send Chief Justice Fred Vinson to Moscow to see Joseph Stalin in search of a basis for peace. George Marshall, U. S. Secretary of State, turned thumbs down on the proposal.

Here it is, Canyon!

The 1949 FRAZER

Trailblazer-of cars to come!

Once in a blue moon the stylists and engineers outdo themselves. They create a car that goes beyond today and sets the pattern for cars of the future.

This is what they have done with the FRAZER for 1949!

Low, sleek and *differently* handsome it is the trailblazer in style of cars to come! Its exclusive colors and fabrics have made the world's leading fashion designers fall in love with it. They call it "the dream car".

The same car, the FRAZER for 1949, has even won the hard-to-win hearts of the test drivers who must relentlessly punish a car mile after mile for weeks on end. They say the Frazer makes such driving no punishment for them. Its driving ease and riding comfort "make 600 miles a day a breeze," they say.

There's a thrill waiting for you at your dealer's today. With 100 new features, improvements and refinements, the 1949 FRAZER is ahead of its time . . . *out front*—trailblazing the way for all the cars to come. First to break clean and scrap tradition, the cars from Willow Run have done it again. Because unlike other "new" cars built since the war, they've road-proved their dependability—2 billion miles worth! Value-proved to a quarter-million justly proud owners. See and drive the new FRAZER now! It's at your dealer's. Kaiser-Frazer Corporation, Willow Run, Michigan.

Buffaloes Win at Hardin on Saturday Night

Unleashing an offensive that has been throttled by injuries all season, the West Tevas State Buffaloes overcame four costly errors to pound the Hardin College Indians, 28 to 7, Saturday night.

Two fumbles in the opening minutes of play gave the Indians their lone score of the game. Draper fumbled first to give Hardin the ball. Four plays later WT took over on their own 29.

Vic Bates fumbled on the first play from scrimmage and Stewart recovered for Hardin for a first and ten on the Buff 33.

Three plays put the pigskin on the 26. Clynch bulled his way to the 15. Barry and McCalley worked for a first down on the three.

Rogers plunged to the one. McCalley was stopped cold and Rogers moved to the one foot stripe. Barry smashed his way over from there, and Rogers added the extra point.

It didnt' take WT long to get back in the game. However, after receiving the kick-off, three plays didn't make a first and Williams kicked to the 43.

The terrific north wind that blew throughout the contest held both teams' punting average to an absolute minimum.

The Indians got nowhere in three plays and Barry's punt rolled into the end zone. Krank Kimbrough's boys had the ball back on their own 20. Cloyce Box, big six-four quarterback for West Texas, faked a handoff and scooted around his own right end to elude everybody and dash 80 yards for a touchdown. Junior Melton's placement try was good, and the game was all tied up at 7-7.

The first half ended in the deadlock.

Early in the third period, the Buffs took Barry's punt on their own 49. Lloyd Johnson crashed to the Hardin 46 where little Charlie Connor added four more. Box flipped a long aerial to Bill Cross who galloped over from the five. Melton again converted.

Later in the third quarter the Indians were forced to kick deep in their own territory. Cross took Barry's boot on the 35 and worked his way to the 27 before being hauled down by a host of Indians.

Loyd Wight ripped off almost ten yards and Charles Wright took a reverse handoff to dash across the double stripe.

Junior Melton's placement was good to make the score read West Texas 21, Hardin College 7. The conversion was Melton's 14th successive attempt in 15 tries. His only miss this year was in the ACC game.

The final West Texas touchdown came late in the fourth stanza with only a few seconds over a minute to play.

Steigleder fumbled for the Indians and Biggs recovered for the Buffs on the Hardin 28. Johnson shook off tacklers on a dash to the 12 and Draper fought the remaining distance on the next play for the final WT counter. Melton as usual split the uprights with his try for extra point.

This wound up the scoring and the game ended three plays later with V. Bates intercepting a Hardin pass on his own 45.

The boys of Frank Kimbrough just plain outplayed the Billy Stamps coached Hardin eleven. Neither Stamps' single wing club or his vaunted T-team could halt the West Texas advance.

The Buffs gained a total yardage of 394 as compared with 157 for the Indians. West Texas punted only once as against nine boots for Hardin.

SOLUTION

A student in Penn State's famous fishing class had hooked a very small trout and had wound it in till it was rammed against the end of the rod.

Pupil: "What do I do now?"

Instructor: "Climb up the rod and stab it."

High on Gov. Dewey's agenda is a complete shakeup in ECA. Most competent observers, Republican and Democrat alike, have warned that the Economic Co-operation Administration (Marshall Plan aid agency) will fail unless Britain stops dismantling German industries and U. S. staffs abroad are shorn of Communist influences.

"Daughter," said the mother, "didn't I tell you not to let strange men come to your apartment? You know things like that worry me."

"Don't be ridiculous, Mother!" laughted the girl. "I went to his apartment this time. Now, let his mother worry!"

Purple and White Gridsters Meet High Flying Phillips Blackhawks

Phillips Blackhawks Backfield Rated Tops in District 1-A Battle

Smarting from a 33-13 defeat the Canyon Eagles play host to the high riding Phillips Blackhawks in a conference duel Friday night. Canyon is sparked by Richard Walters and the Phillips team is sparked by a whole host of fleet footed backs. The weight averages are about the same. Phillips is voted as the No. 1 team in the region. Canyon recoiling from defeat, is out to clip the Blackhawks' wings.

The Eagles suffered a loss last week to the Whitefaces from Hereford in a district clash. Canyon outplayed and outscored the Whitefaces the last half but just couldn't get going the first half. Hereford capitalized on breaks the first half, but in the fourth quarter Walters took the ball on a bootleg and sprinted 56 yards for the first touchdown Prichard ran over for the extra point. The last score came when Abbott passed to Winn who lateraled to Walters. He took the ball on the 35 yard line and ran over, standing up.

Billy Cleavinger, center, and Jimmy Lindsey, tackle, led the forward wall for Coach R. D. Wheelock's squad.

AMONG OTHER THINGS . . .

It seems to me that one of the most important things that boys and girls should learn in school is common courtesy to their teachers who are only human, and I guess, like to be treated that way, same as anyone else. Very few students will talk back to their parents when they are told to do something, and they should observe the same courtesy to their teachers. It shows ignorance and bad upbringing when a boy or girl refuses to be considerate of the teachers who work so hard to teach them the things they should know.

Of course, teachers have their faults the same as everyone else, but that is only to be expected. No one is perfect. I'm sure they get just as disgusted with their students as the students get with them, yet they seldom lose patience. We could make Canyon High School a much better school, if we students would think less about our own feelings and show more respect for the feelings of our teachers.—by F. A.

The head always starts swelling about the time the mind stops growing.

Cupid may be a good shot, but he sure makes some awful MRS.

Grade Notes

Ronnie Hughes of Mrs. Collins' first grade is back in school after being absent several days, due to illness.

Mrs. R. B. Richardson visited Mrs. Black's first grade Friday.

At the tea, given in Mrs. Roscoe Davis' second grade, by the room mothers; tea, cookies, mints and nuts were served to the following visitors: Mesdames T. E. Maddux, W. E. Reed, W. L. Rice, T. E. Hugg, Marvin Hugg, Marvin McCormick, Ray Smith, Crews Henry, and E. M. Myers.

Mrs. Davis' second grade is welcoming a new pupil, Beatrice Downing, into their class.

Letha Flowers of Mrs. A. K. Goodman's third grade was absent three days during which she attended the funeral for a friend of her family.

Lynn Bollman of Mrs. Goodman's room attended the Navy Band program Thursday.

Also, Mrs. Goodman's room was honored by a visit from Mrs. H. D. Rose.

One group of Mrs. Dan Usery's third grade treated Mrs. L. M. Cousins' fourth grade to a new story. The children made illustrations for the story, then they read it.

Harold Pierce of Mrs. Iverson's room, was elected fire chief. Roy House, Ralph Polk, Tommy Rose, Al Myers and J. R. Devin also of Mrs. Iverson's room were elected hall captains.

Mrs. Iverson's Social Studies Class are installing a social studies class and are planning to visit the industrial plants of Amarillo.

Jr. Red Cross Is Assembly Theme

Better world relations, the aim of a High School Junior Red Cross Organization, was the theme of an assembly last Tuesday.

Sarah Jane Martin, junior represntative, outlined to the students a plan for organizing an active chapter in our high school. This chapter will be one among a national organization.

Activities of the home chapter will be furthering world relations by sending gift boxes to different countries, and corresponding with foreign students. Also, the organization will direct a youth center sponsored by the Red Cross.

Jones Hales Won Honors At Fair

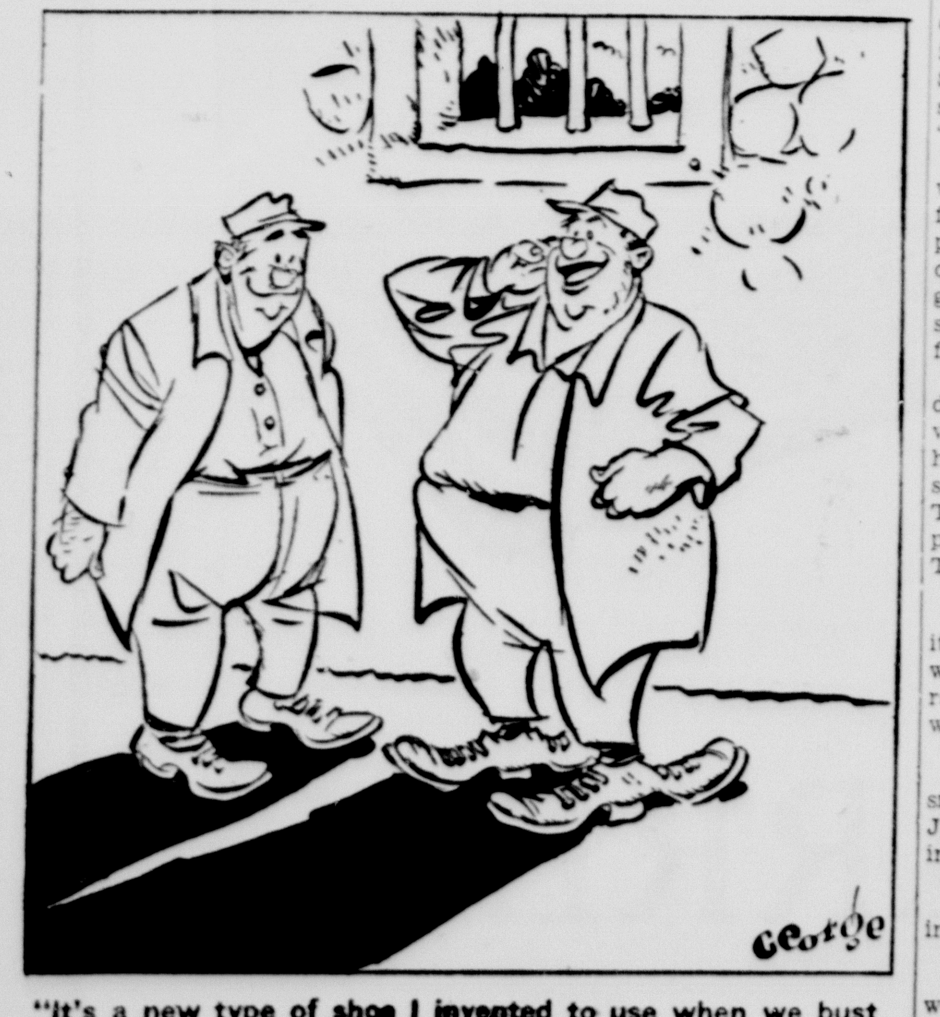
Jones Hales won both grand and reserve championships for the Holtsein female division at the Texas State Fair, Dallas. His Smokey Valley Carnation was named grand champion and Perfect Princess, also entered by Hales was reserve champion.

At the Tri-State Fair he had won the same honors. He may take his heifers to the Louisiana State Fair.

Jones is a State Farmer and is in his fourth year in FFA. He has been been a consistent winner in many of the past fairs.

Life is full of ups and downs. But the most difficult of all is keeping appearances up and expenses down.

Ticklers By George



"It's a new type of shoe I invented to use when we bust out. The cops won't know whether we're coming or going!"

Hey! Rebecca Irvine, what's Bruce's last name? Or don't you know, either?

Wearing gifts the boys gave them seems to be a popular habit with the girls. Dorothy Butler has a string of pearls given her by Bob Dunivan, Mickey King's ring was seen on a chain around Joanna Haines' neck, and Suzanne Stephenson has two of ex-CHS student Dick Barrett's footballs.

Tommy Dotson and his steady, WT's Marilyn Condron were seen at the CHS-Hereford football game. Also seen were Mary Elizabeth Jennings and Joe Abbott.

Jessie Higginbotham and Ray Foster don't seem to like for Mr. Barnett to disturb them in last period study hall. Same goes for Stanley Schaeffer and Geneva Gressett in Algebra class when they get their lessons together.

It has been heard that Bruce Winn would like a date with Melva Martin. Take heed, Melva!

Oh, those two handsome Hale Center boys. The ones with Gladys Thomas and Betty Slagle, I mean.

Helen Borden was seen with H. C. Dawson of WT the other night. What happened to Ernest Gouge?

Anger took Mary Sue Foster when she found out that Glenn Bell wouldn't get home until April when he will be discharged.

Virginia Thomas, Jerry Johnigan, Houstene Prichard, and Sidney Plant were having a gay old time Saturday night. Virginia Thomas also was with Happy's Edward Brian the other day. Seemed to be having a good time.

Seen together several times lately were Clara Sue Hardaway and Louis Seay.

Saw Billie Thompson being walked home by Eddie Nelson the other day, or was it night?

Jones Hales was invited to speak before a girls' club in Dallas, but couldn't make it. Are you shy also, Jones?

This is so long until we meet again in the next edition of the Eagle's Tale.

Hereford B Stops Canyon B Squad

Coach J. P. McMahan's fighting Canyon Eagles "B" team went down in defeat Thursday night at Buffalo Stadium when they were unable to stop the hard charging Whiteface's "B" squad.

The first score of the game came when Bob Busteed tried punting out from behind the goal line, but the punt went straight up, and Bob caught it behind the goal line, thus giving Hereford a touchback instead of a touchdown. The White faces scored two points.

Hereford scored three more times during the game. The Eagles advanced to the 20 yard line, but were halted there. That is as deep as the squad penetrated enemy territory. The "B" team will go to Phillips to play the Blackhawk "B" eleven next Thursday. The game ended 20-0.

Last week a dog persisted in visiting the high school. Perhaps he was thinking of enrolling, at any rate, when he visited the library, he was rudely taken out.

Yum, yum, what was that good smell floating around CHS Tuesday? Just the Homemaking II class making muffins.

Mrs. Nell Findley substituted during Mrs. Gilmore's absence Friday.

Angels are always pictured as women, because it doesn't embarrass a woman to flit around with nothing on but a pair of wings.

Hallowe'en Plans Top News

Red Team Gains Lead In Race

Donna Erwin leads the junior class magazine sale race with the total of $89.50. Sue Jennings is running a close second with $87.80. Since the contest closes Friday, the junior students are trying hard to make more sales to help them reach their goal of $2000. The class is divided into two sections, called the red side, which is headed by Martha Hales, and the blue side, which is headed by Wayne Prichard. Monday afternoon the classes' entire sales totaled approximately $750.

An interesting feature of this contest is the jackpot. Every day at noon the juniors meet and draw a name. If the person whose name is drawn has sold his quota of magazine subscriptions he is entitled to the money in the jackpot. Bruce Winn won the jackpot Friday and collected $20 for himself. His was the first name to be drawn who had sold his quota. Ten dollars was put in the jackpot again and the drawing continued.

"This has been an enthusiastic drive and interesting experience for the junior students," stated Mr. T. L. Devin, advisor for the class. "We are hoping to reach the goal which we have set for ourselves. Although it seems a little high, we think we can do it."

Sophomores Select Bonds as Candidate

Ruby Lee Bonds, queen candidate for the Sophomore class, is first to be presented for the Hallowe'en contest. She was elected in a called class meeting this week, along with other officers, as follows: Dwayne Howard, president; Richmond Payne, vice president; Stanley Parker, secretary; Bertha Lindsey, treasurer; Bob Busteed, sergeant-at-arms; Merle Bullard and Don Johnson, S. F. C. representatives.

Mesdames Spurgeon McDougal, Jessie Thomas, Paul Lindsey, Tom Gooch, Ross Craig and Bill Money were elected as room mothers for the coming year.

Tommy Myers will preside as president of the eighth grade this year. Other officers are: Harold Root, vice president; Peggy Jo Bonds, secretary; La Rue Davis, treasurer; John Miller and Doris Keller S. F. C. representatives.

Gerald, Katherine Taylor, Ella Jean and David McDuff were called to the bedside of their seriously ill grandfather in Oklahoma last week. They were absent from school several days and report that their grandfather is still in a critical condition.

Mary Ruth Hill was one of the fortunate CHS students who was invited by her uncle and aunt to attend the State Fair at Dallas with them last week.

Florence Alexander was absent from school three days the past week due to illness.

F. F. A. OFFICERS

Pictured above are Jerre Inman and Travis Payne, local FFA President and District Secretary. Jerre Inman was installed as President at the chapter's regular meeting held October 4, and Travis Payne was elected to the District office in September.

Society Sue

Here's Society Sue with the first accounting of fashions for the year.

It seems green is a popular color around CHS. All in one day I saw: Billy Cleavinger in a bright green shirt that was really striking. Chloe Ann Black had on a green blouse with long sleeves that was very becoming. Chloe Ann and June Jennings also have tip-a-canoe green shoes that are different and very "cute." Mary Elizabeth Jennings is sporting a brown pair. A very attractive green suit with a double peplum was shown by Patsy Sanford. And lest I forget, those green socks Willis Parsons had on were really snazzy.

But of course green wasn't the only color on the grounds and certainly not the brightest. Charles Mobley was sporting an orange shirt that would brighten anyone's day.

Slick for a cool day was Faye Gunter's tan corduroy shortie coat with a hood attached.

Sarah Jane Martin was attired in a green corduroy dress that was especially becoming to her light coloring.

Laura Davis had the "New Look" with a ballerina skirt topped with a long sleeved white blouse and a plaid weskit.

Marian McReynolds looked lively in a beautiful plaid dress with red predominating.

Bruce Winn's new boots are causing comment. They are brown with red stitching and have his initials and brand on the top.

Albert Craig, Bruce Winn, and Troy Burrus are especially proud of their letter jackets which have at long last arrived.

CHS students are not the only ones who watch the fashions. The teachers, too, are sporting gay colors.

That's all for this week but I'll be back next week with more fashions for CHS.

Miller Oversees Booth Choices

PTA, Legion Will Assist Teachers in Carnival Work

Hallowe'en will be observed at Canyon Public School this year with the usual colorful display on the night of October 29. The Parent Association will sponsor the festivities and will be assisted by the American Legion, as usual.

Queen candidates will represent each class, and, as is traditional, the Press Club will sponsor the queen's booth. The Public Speaking Class, supervised by Miss Mary Frances Colwell, instructor, will have charge of the coronation exercises and the program that follows it.

All the queen candidates, the flower girls, the crown bearer, and the escorts will be chosen this week and practice for the coronation exercises will begin, also.

Favorite Concessions

Mr. J. E. Miller, principal, has charge of the booths and various classes are selecting their favorite concessions. Among the most popular are bingo, darts, ring-the-duck, ball throwing, target range, country store, fortune telling, selling colored lemonade, the cake walk, and the selling of pop corn and pop.

The PTA will sell pie, cake and coffee, while the American Legion will sell hamburgers.

Votes for the queen will be the usual price of one cent per vote, and the contest, as usual, will be spirited. At around 9:45 p. m. the voting will close, and a short time later the queen will be crowned in the High School Auditorium.

"This year's carnival will be larger and better than ever. We hope to furnish wholesome entertainment for all who will attend. As is customary, net proceeds will be used to buy badly needed equipment for the school. We hope to have the loyal support of all our patrons and friends of the school as has been customary in the past," says Mr. Miller.

Sparing the steering rod never spoiled any child.

Shelnutt-Lewis Recent Marriage Is Announced

Mr. and Mrs. D. V. Shelnutt of Hereford, formerly of Canyon, are announcing the marriage of their daughter, Jeanette, to Mr. Donald Lewis of Wildorado.

The single ring ceremony was performed Saturday night at the First Presbyterian Church with Rev. B. F. Bollman officiating.

Mr. and Mrs. Shirley Pitts accompanied the couple.

Mr. and Mrs. Lewis will make their home in Amarillo.

MOTHER-IN-LAW CLUB MEETS WITH MRS J. W. BOURN

The Mother-in-Law Club met in the home of Mrs. J. W. Bourn on Thursday, October 14. Co-hostesses for the meeting were Mrs. G. W. Cox, Mrs. Nettie Cleland, and Mrs. M. S. Frieze.

The president directed the business discussion at which time the club voted to adopt "Beautiful Texas" as their theme song.

Mrs. Combs, program chairman, introduced Mrs. C. W. Dunn who conducted the recreation for the afternoon and Mrs. M. E. Cleavinger, who told of her trip to California.

During the social hour lovely refreshments were served to guests, Mrs. Belle Word, Mrs. Bob Stevenenson, Mrs. J. W. Horn, Mrs. Fred Standley; and membes, Mrs. T. T. Fain, Mrs. W. H. Sparks, Mrs. Cynthia Anderson, Mrs. R. M. Gibbs, Mrs. Cleavinger, Mrs. Pearl Shuman, Mrs. J. C. McDaniels, Mrs. G. C. Cole,

Mrs. E. C. Penick, Mrs. Fred Marshall, Mrs. Cox, Mrs. R. G. Oldham, Mrs. John Hilgenfeld, Mrs. C. O. Cooper, Mrs. G. B. Bourland, Mrs. Frieze, Mrs. Addie Hefner, Mrs. Mary Burtz, Mrs. W. S. Myers, Mrs. I. M. Steen, Mrs. M. E. Sorgee, Mrs. Combs, Mrs. W. I. Wester, Mrs. Mary Langston, Mrs. C. H. Stratton, Mrs. W. G. Rose, Mrs. T. V. Slack, Mrs. Dunn, Mrs. W. S. Christian, Mrs. W. L. Rice and Mrs. Bourn.

The next meeting will be on November 11 at the home of Mrs. C. W. Dunn with Mrs. J. C. McDaniels, Mrs. E. C. Hawes, Mrs. G. B. Bourland and Mrs. Addie Hefner as cohostesses.

MRS. W. E. MILLER ELECTED DELEGATE TO STATE P. T. A.

At the first meeting of the Canyon Parent Teachers Association on Tuesday, October 12, the program opened with group singing with Mrs. Lee Foster at the piano and Mrs. J. D. Barker leading.

Rev. B. F. Bollman gave the invocation.

Mrs. W. E. Miller, in her president's address, gave a message on the importance of home and school working together for the good of the children.

The president introduced the vice-president, Mrs. Lee Foster, who previewed the year's program. Other officers were then introduced. Mrs. Miller presented the administrators, Supt. E. A. Wooten; principal of the high school, James E. Miller; and supervisor of the grade school, Miss Elva Fronabarger. Mr. Wooten gave a short talk and introduced the teachers of the entire system.

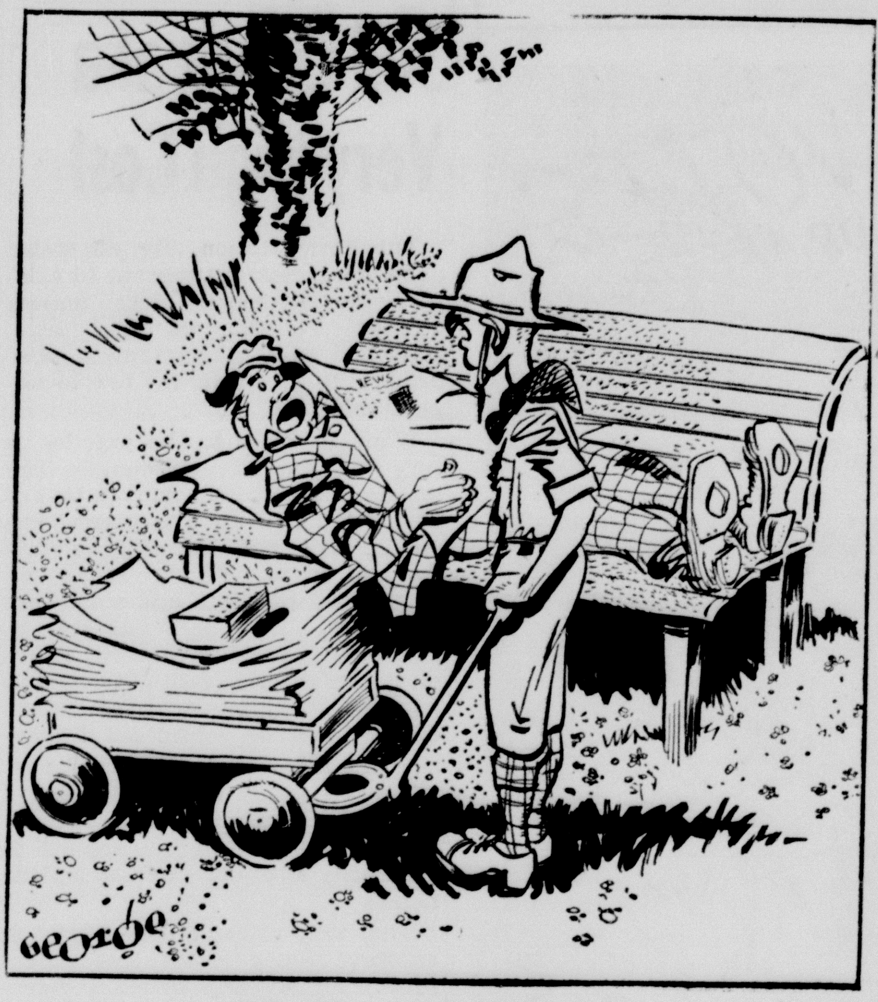
During the business meeting plans were made for the Hallowe'en Carnival and Mrs. W. E. Miller was elected as delegate to the State Convention of the Parent Teacher Association at El Paso with Mrs. Hud Prichard as atlernate.

Mrs. Wilford Taylor, Jr., chairman of the hospitality committee, assisted by members of the committee, Mrs. Kermit Pond, Mrs. Bailey McCormick and Mrs. L. S. Johnston, presided over a most enjoyable social hour.

More than 100 people attended the meeting.

Ticklers

By George



"No, I'm not finished yet!"

CLASSIFIED

A gangster rushed into a saloon, shooting right and left, yelling "All you dirty skunks get outta here." The customers fled in a hail of bullets—all except an Englishman, who stood at the bar calmly finishing his drink. "Well?" snapped the gangster, waving his smoking gun.

"Well," remarked the Englishman, "there certainly were a lot of them, weren't there!"

Clothing and textile workers will be first to face the "fourth round" issue. Their wage demands are expected to be cautious. They may wait to see how the election goes and how good business is—unless an unexpected jump in consumer prices changes their minds.

Cristian Revival to Close Sunday Night

The revival services at the First Christian Church under the leadership of Rev. and Mrs. G. C. Schurman will close Sunday night after the evening message is given at 7:45 p. m.

Services begin each evening this week at 7:45 p. m., except Saturday evening. Prayer groups meet each evening at 7:15 p. m.

The Sunday services begin with Church School at 9:45 a. m., the morning worship at 11 a. m., and the evening service at 7:45 p. m.

Rev. Schurman will preach a very important sermon Sunday morning on the theme, "Setting the Church in Order." The membership is especially urged to attend this service.

To achieve "unity" between Labor and Management and to remove some of the bitterest issues from future wage negotiations, Dewey has a revision of the Social Security ready for early action. Worker's and employers' contributions would probably be upped and benefits to employeese would be increased. Retirement plans would be left to "voluntary" agreements.

Some people are just like taxi drivers. They go through life just missing everything.

Youth Evangelist Coming to Canyon For Baptist Revival

Charles Wellborn, youth evangelist with international experience, will spend three days in Canyon, Oct. 22-24, closing the revival at the Baptist church. He is a student in Southwestern Baptist Theological Seminary in Fort Worth, and has had unique experiences in many youth revivals in various large cities. He is a former student-instructor of Baylor University where he completed some work after returning from his service in Europe with the armed forces during the recent war. He will speak Friday and Saturday nights and at both Sunday services, and has been brought to Canyon at the request of young pepole who heard him elsewhere.

Pastor Roy L. Johnson announces that daily services at the Baptist revival are attracting good crowds to hear Evangelist John Osteen. George Stokes of Plainview has charge of the music each night. Through Monday night 23 people had united with the church, with 12 of them coming on profession of faith for baptism and the others by transfer of membership from other Baptist churches.

EVERYBODY'S POINTING TO HOTPOINT

Americans Eating Future Supply of Meat of Nation

Some people are unable to buy as much meat as they would like. Some people cannot build homes because of record prices for labor and supplies. During the depression steers on the hoof sold for as little as six cents a pound, and hogs went for three cents. There were people then who could not buy meat or build homes, even at rock-bottom prices. Then, as now, supply and demand were the controlling factors in establishing prices—and it is always true that families in the lower income brackets are constantly confronted with the problem of how to make both ends meet.

Wages and employment are at record levels. This has generated a tremendous demand for meat. The supply of meat has not kept up with that demand. Last year the feed crops were relatively short. As a consequence, livestock numbers were reduced. The marketing of beef cattle in 1948 has run well below the level of 1947. The point is that for several years we have been eating our beef cattle faster than we have produced them. Meat animals aren't machines that can be swiftly made in any desired quantity on a production line. It takes months and years to ready stock for market and no efficiency expert has found a short cut. When demand tends to be greater than the supply, high prices are inevitable.

A reimposition of price controls would discourage production ,and probably bring about an acute meat shortage. Much of the available meat would be diverted into the black market. And the lower income consumers would be worse off than ever.

Increased meat production is necessary. It will come eventually. In the meantime, supply and demand establish the prices at which meat is sold in our free market, and it is folly to blindly condemn farmers packers or anyone else.

RELIEF AT LAST For Your COUGH

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

Highland News

The row crop harvest wlil soon be over. More row crop was planted in this community than usual.

Mr. and Mrs. Herman Roark and Dorothy from Lytle, Texas visited friends and relatives at Wildorado last week.

Mrs. L. E. Mason and Lee, Mr. and Mrs. Bob Fulton and Mrs. L. J. Fulton and Joanne visited in Canyon a week ago Sunday.

Mrs. Temple Jarnigan underwent an operation last Wednesday morning. She is reported to be getting along nicely. Mrs. Ed Sharp is looking after Mrs. Jarnigan's two young sons.

The Wildorado school took many of their pupils to the Navy Band Concert at Canyon last Thursday. They all report enjoying the concert immensely.

Mr. and Mrs. Carl Fuqua attended the District Farm Bureau meeting in Amarillo last Friday.

Mrs. W. N. Critsinger took her father back to Bridgeport last week. Mr. Jarnigan spent the summer visiting his children here in the Panhandle.

Mrs. Joe Allred was one of the lucky winners at the "Ladies Be Seated" program at the Fair last Friday night when she won everything on the list in the game called "Whoa, Tommy."

Mrs. E. Milhoan, Mrs. Clyde Jones and Mrs. A. Green were hostesses for a bridal shower honoring Mrs. Fyfe last Tuesday afternoon. Mrs. Fyfe was formerly of Hobart, Okla. Mr. Fyfe is a brother of Mrs. Clarence Kimbal and the couple are making their home west of Amarillo where Mr. and Mrs. Kenneth Jones lived.

Mr. and Mrs. Richardson called at the Fuqua and Ed Sharp homes Thursday.

Mr. and Mrs. Jesse Hill called at the Carl Fuqua home Saturday afternoon.

The Bushland H. D. Club met with Mrs. Leo Zimmoner last Tuesday.

John Cage underwent an operation last week and is improving slowly.

Several farmers are taking in cattle for pasture. Some still have wheat to sow.

Large Crowds Are Delighted With Navy Band Concerts

More than 2200 music-lovers from this college and the Panhandle were treated to an ear-full of superb music yesterday when the United States Navy Band played two concerts in the Administration Auditorium.

An estimated crowd of 1000, mostly high school bandsters, sat spellbound through the afternoon performance of the brilliant 55-piece group. The show for the band students was arranged along the line of modern music with emphasis on numbers known and loved by most of the students.

Among the numbers played were: "William Tell Overture," "Sailor's Hornpipe," "At the Circus," "Casey Jones," and "Hit Parade of 1948."

Other than numerous encores asked of the band, the famed musicians offered "The Three Jacks," a trumpet trio, and "Moderne," solo for saxophone.

The evening performance was witnessed by a capacity crowd with the greater number coming from surrounding towns. They were treated to a program of the world's finest classicals among which were: "Mignon Overture," "Hungarian Rhapsody No. 2," "Introduction to Act 3 of Lohengrin," "La Raugette," and "Gaite Parisienne."

Several soloes were presented along with band novelties which included "Badenage for Brasses" and "Waggery for Woodwind."

Dozens of high school bands were preesnt for the afternoon concert. Amarillo Junior College musicians and a group from the band at Eastern New Mexico College at Portales were here for the show.

While here the Navy musicians were the guests of the Buffalo Band at a luncheon in the Blue Room of the Cafeteria.

Following the West Texas State concert the Navy Band moves to Plainview for two concerts today; ot Pampa Saturday; then to Tucumcari, Fort Worth and on down to Corpus Christi where this tour will end in about two weeks.

If Mr. Dewey's advisers have their way, in event of a Dewey victory, all present members of the Federal Reserve Board will lose their jobs in 1949. Mr. Dewey wants a free hand in choosing men who are to shape the Government's fiscal policies. Marriner Eccles, former Chairman, is to go out of office next year if the Dewey advisers win out.

The boom's turning point is near with shortages vanishing and supply and demand approaching balance in most things except auto and steel. But this does not necessarily mean a sharp letdown—perhaps only a leveling off with prolounged business stability.

Let's Make It A Cloudburst

National Bible Week, October 18-24, Observed

Today the enemies of America's sacred traditions are bending every effort to replace Freedom and Liberty and Justice under God with national socialism and policing government. It is for liberty-loving Americans to show the world in unmistakable terms that faith and trust in the "Book of Books," which will never be banned under our Constitution, will continue to be our Guide. National Bible Week is a manifestation of such a resolution.

To emphasize the importance of religion in maintaining a free government, the Laymen's National Committee, a non-sectarian, nonprofit organization, sponsors National Bible Week—this year October 18-24. It uses every possible avenue to stimulate people in all walks of life to be Bible conscious, irrespective of class, creed or color.

Sir Stafford Cripps, Chancellor of the British Exchequer, is the most likely successor to Clement Attlee as Prime Minister of Great Britain if Mr. Attlee's health causes him to step down. Sir Stafford would be more aggressive than Mr. Attlee has been in pushing socialization of major British industries.

While choosey buyers will find "popular-priced" autos hard to get for at least two years, the gray market is just about gone. With prices of new models slumping on used car lots from $100 to $500, used car dealers are quitting the new car market while factory dealers are getting back into the used car field.

Russian Stores Sell Goods at a Very High Cost

The Soviet Union, like all states of its character, is supposed to exist solely for the benefit of the masses of the people. The capitalist states, according to the communists, exist principally to permit the few to exploit the many.

When it comes to the practice, a very different picture emerges. The system under which commodities are distributed in Russia is a good example. The government buys products at prices which are arbitrarily determined by itself, and which are very low. But it resells goods, thru its government-owned stores at very high prices. In other words, its mark-ups, by American standards would be considered fantastically large.

The result of this price control policy is inevitable. The average Russian family gets just enough to keep body and soul together and no more.

The vicious capitalists work on another theory called free enterprise. Supply and demand determine prices. Competition is intense. The profits of industry usually run to five per cent or so. The stores which sell goods are privately owned, no one enjoys a monopoly of anything, and the customer is free to trade where he pleases. Consequently, they too must operate on an extremely small profit to meet the competition and hold their trade. So the American public has an unequaled standard of living—and the highest attainable degree of personal freedom along with it. That explains one great difference between the two systems. And all the hot air from the left wing can't change it.

President Truman has no plans for a job in event of defeat November 2, and would welcome a pension and a chance to continue in public service rather than to seek private employment. There will be little opposition to the idea of providing a $25,000 annual pension to former Presidents, with office help and a chance to sit in the Senate.

School Texts Are Charged As Too Communistic

During the last few years, there has been an increasing amount of discussion of some of the textbooks used in high schools and universities, along with the character of the teaching. The textbooks in question, for the most part, are used in teaching economics, history, sociology and kindred subjects. And the criticism has been based on the fact that in a great many instances they produce—either by direction or indirection—the impression that the capitalist system of economics is all wrong, that we have a great deal to learn from communism, socialism, and the other ideologies, that the American economy has about reached maturity and is becoming static, and that, as a consequence, more and more of the private economic functions of our society must be directed, controlled, and/or owned by the government.

This criticism would be unimportant if it came only from those with a particular axe to grind, who are unwilling to see anything taught or printed which is not in consonance with their ideas. However, it has appeared in many leading magazines, including the Saturday Evening Post, many newspapers, and it has been voiced by distinguished educators, public officials and others. Young people, they say, are being given a highly erroneous idea of what has happened and is happening. The shortcomings of capitalism are being played up, and the vices of communism are being played down.

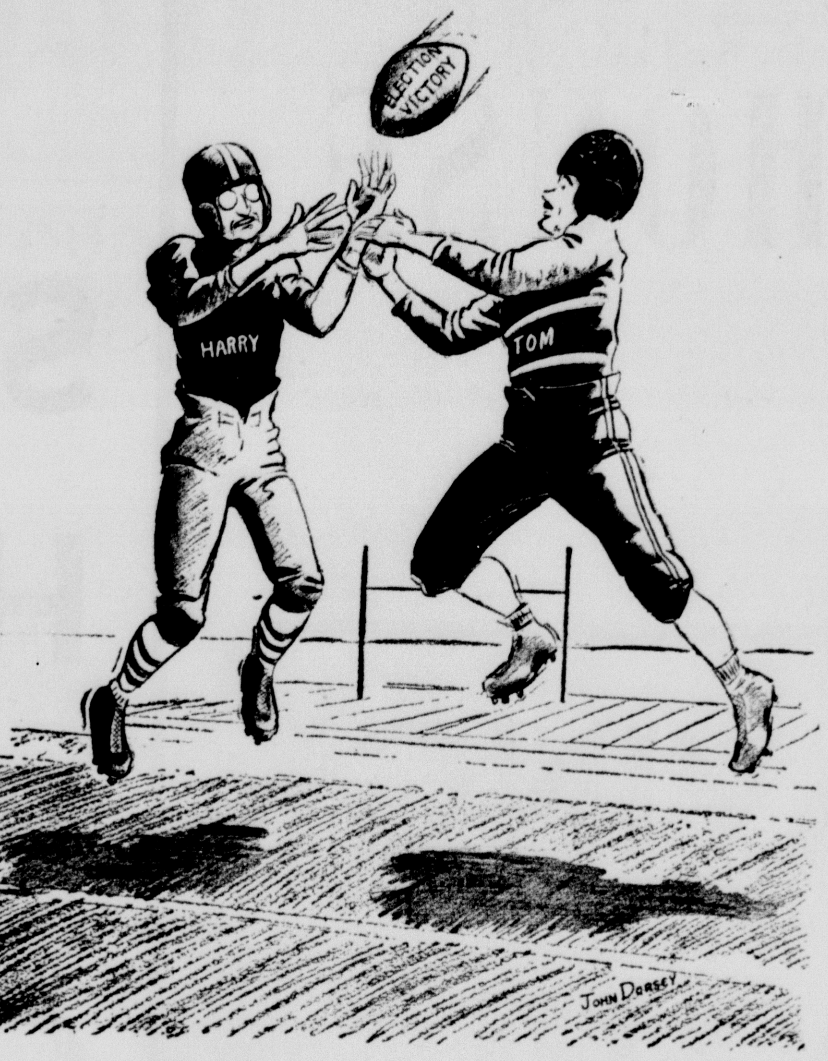
This is, obviously, a very touchy subject. It has a direct bearing on academic freedom, which is certainly as important as any of the other freedoms. The American people want their offspring to be given instruction which is heavily weighted in favor of industry, labor, agriculture, or any other special group. It is certainly necessary that students be given a clear and objective understanding of the principles upon which all the economic and social systems from the farthest left to the farthest right are based. The problem is to keep the truth, whether or not it is distasteful to any group, and to winnow the prejudices and the subtly worded inferences.

A number of interesting examples of the textbooks in question could be cited. One of them is an economics treatise which was adopted by the Armed Forces Institute, and which caused quite a stir when it was discovered that it followed something very close to the party line in dealing with such matters as government ownership of basic resources, government control of credit, and so on. It was then found that the book is in standard use in a long list of distinguished universities, and the Institute had naturally presumed it to be a good text. It is a long work, running to about 1,000 closely printed pages, and much of it, of course, is purely factual. The conclusions reached, most of which are unfriendly to the free enterprise idea, caused the stir.

A Chamber of Commerce in Oregon is now making an issue of another book which is standard in that state's high schools, and elsewhere. This particular work endorses socialized medicine, government ownership of the utilities, price fixing, interest-free money for housing construction, and attacks private insurance and banking. It seems to go a good deal farther, for example, than does Henry Wallace with his Progressive Party platform. According to the Chamber of Commerce in question, "The authors have done a capable and yet adroit job of undermining the principles of private enterprise, yet concealed this propaganda among the words so that the text must be completely studied to understand its full implications." In other words, it is a very subtle job.

The problem is not a simple one.

The Last Play



It might be put this way: At a certain stage of education economics students should read such completely opposed works as Marx's "Das of Nations," the great bible of laismunism, and Adam Smith's "Wealth of Nations," the great bbile of laissez-faire economics. There can be no doubt as to the position of these writers, and the reader knows that he is being treated to the ideas of men of fervid conviction, who were frank propagandists for principles which have nothing in common. But, say the critics of many current textbooks, that is an entirely different thing from using, as the basis of a course of instruction, books which are supposed to be complete and objective, but, to the contrary, are strongly biased by inference as well as plain statement against the American system the students will become a part of once they finish high school or college.

It is likely that much more will be heard about these textbooks. The worry over them has been intensified by the problems of the day. It is clear to anyone that the world is divided by a vast war of idealogies involving beliefs in the supremacy of the state over the individual. Those who think something must be done about textbooks and teaching are not book-burners. They are as much concerned with academic freedom as anyone else. They are fully aware of the dangers of censorship, of letting any group dominate what is taught in our schools. But they are much disturbed over that proportion of American teaching which seems to be based on the theory that the American tradition no longer has validity and should be thrown overboard for a socialistic, totalitarian form of government which is contrary to all the ideals of a free people where government is the servant, not the master.

We can remember when people watched Wall Street instead of Washington to see where the country was headed economicall:y.

Democrats . . .
States' Righters
. . . Republicans
WE ALL WANT TO VOTE FOR JACK PORTER!
We can!
Article 2981 of the Laws of Texas (Enacted 1905) specifically provides for the voting of a split ticket in a GENERAL ELECTION.
Scratch all candidates for U.S. Senator except the name of JACK PORTER. Your vote will be counted, and your choice for Senator, JACK PORTER, will be seated.
The so-called loyalty pledge does not apply to the election on November 2. It is a GENERAL ELECTION all over the United States. It is NOT a state primary.
This has been so held by our courts and by the Texas Attorney General's Department for years past.
(Pol. Adv. paid for by Porter for Senate Committee, Lloyd Wheelock, Chairman.)

These Tasty Sandwiches

Harvard economist Prof. Sumner Slichter, supporting the same view, predicts no general downward price trend during the next decade. His explanation: Forecasters of sliding prices based their predicitions on an era of peace after World War II, but instead an armed truce between East and West has developed. This requires heavy expenditures.

1½ Billion Dollar Road Block!

RAILROADS MUST OPERATE around the clock every day and night of the year.

Although they know this, leaders of 16 railroad unions are demanding a five-day, Monday through Friday, week for one million railroad employes.

They want 48 hours pay for 40 hours work—in itself a 20% wage increase.

They also demand a minimum of 12 hours pay for any work performed on Saturdays, and 16 hours pay for any work performed on Sundays and holidays.

On top of all this they want an additional increase of 25c an hour for every employe!

You'd Pay the Bill!

Summing up these demands, they mean that these union leaders seek to force the railroads to give *one million employes an annual raise which would average $1500 per employe!*

The total cost of this would be no less than 1½ billion dollars per year, which is more than twice the expected net income of the railroads this year.

You'd pay the bill, because if these increased costs are forced on the railroads, they must have still further rate and fare increases.

Demands Unreasonable

These employes have had substantial raises during and since the war. Their average weekly earnings are higher than the average weekly earnings of workers in manufacturing industries. They have more job security than the average worker in American industry. They also enjoy paid vacations, a retirement system and other advantages more generous than the average worker receives.

In contrast with the demands of these 16 unions, which add up to the equivalent of 48c an hour, the Conductors and Trainmen recently settled their wage request for an increase of 10c an hour.

Railroads Run for Everybody—Not Employes Alone

The railroad industry must serve not one but many groups—producers, businessmen, shippers, passengers and the general public—night and day, every day of the year. These unions are proceeding in utter disregard of this important difference between railroads and other industries. Industrial plants can be shut down over weekends and holidays, but freight, mail, express and passengers must continue to move. *Everybody who enters railroad employment knows this.*

Strike Threat

On September 18, 1948, the leaders of these 16 unions began taking a strike vote. *But the threat of a strike will not alter the opposition of the railroads to such unreasonable demands!*
